

From Canby to St. Helens

What's Happening In Your Hometown

Compiled from Oregon newspapers by the Daily Emerald

Ashland...

John H. Von Kuhlman resigned last Tuesday as chairman of the city safety council. He failed to receive a commitment from the city council to buy traffic lights for five school crossings.

C. R. Bowman, county superintendent of schools, and his wife are in Ashland General hospital as the result of an automobile accident Tuesday. Mrs. Bowman has a fractured ankle, and Mr. Bowman has several broken ribs.

Bandon...

A purebred Jersey cow owned by Ralph E. Cope II set two new world-wide all-breed and three Jersey milk and butterfat production marks, after an official 365-day test. The cow, Opal Crystal Lady, produced 1,237 pounds of butterfat in 23,725 pounds of milk.

Funeral services were held for Joseph A. Stankavich, 55, pioneer cranberry grower, Thursday. He died of a heart attack.

The home of Mr. and Mrs. Norman Jacobson and their 11-month-old daughter was destroyed by fire last week.

Brownsville...

Howard Keith McNabb is under treatment at Madigan General hospital near Tacoma, Wash., for wounds suffered while fighting in Korea.

Burns...

Five University of Oregon officials spoke and entertained at a public dinner Wednesday. On tour to "bring part of the University to the people" were Orlando J. Hollis, dean of the law school; Raymond T. Ellickson, head of the physics department; Theodore Kratt, dean of the music school; Dr. James Gilbert, professor emeritus of economics; and Lester E. Anderson, Oregon alumni secretary.

Condon...

Earl Butler, Mayville, is Conservation Farmer of the year for Gilliam county. He was named by three local wheat farmers.

Mrs. Luther Fitzgerald had 87 candles on her birthday cake last week. She has lived in Condon since 1913.

Coquille...

"Pam," prize show cocker of Mrs. J. D. Rankin, was awarded "Best of the Opposite Sex," at the Pacific International Livestock Exposition.

Harry R. Hurkel, son-in-law of Mrs. Clara A. Stauff of Coquille, is attending the United States General assembly now in session.

Drain...

Merle Simpson, Denise Lovelace, and Joanne Hill will represent Drain high school at the Oregon Scholastic Press conference on the Oregon campus Oct. 28.

Madras...

Recent heavy rains halted the harvest of ladino clover seed. Governor Douglas McKay spoke to members of the Madras, Red-

mond, and Bend American Legions recently.

Milwaukie...

Robert Sutton and Neil Sutherland returned from a hunting trip in central Oregon with two deer, a bear, coyote, and rattlesnake.

Floyd "Soggy" Bennett returned recently from a three-year stay in the hospital. He had tuberculosis.

Monmouth...

Ann Baker, Miss Oregon of 1950 spoke to Civic club members last week.

Myrtle Creek...

Doyle Brown, 19, walked out of the woods near Roseburg last Monday, after he had become separated from a hunting party Sunday. He spent the night by a campfire.

Ontario...

Ray Ellsworth Simpson was called for induction into the armed services.

Mrs. Edna Farris, Malheur county nurse who had been released after a county budget cut, returned to work on an emergency basis last week.

Redmond...

W. L. Hall of Tumalo has received the air medal for his participation in destroying a vital Seoul bridge in Korea.

A drastic potato picker shortage may cripple central Oregon's harvest operations this season. Employment offices are calling for anyone who can spend a day in the fields.

Clyde Dahl will manage a complete new potato packing plant here.

Sandy...

Harrison Burton, Rhododendron, is new Big Chief (president) of the Mt. Hood Pow-Wowers.

Prexies Confer With Newburn

Problems of the fraternities, dormitories, and co-operatives were discussed with President Harry Newburn at a banquet Thursday night by presidents of all men's living organizations.

Problems past and future were fired at Newburn. The first in a series, this meeting laid the groundwork for future meetings. The 32 men all expressed a desire to see the meetings continue.

"I really appreciate the opportunity Barry Mountain has given me to meet on this informal basis with the presidents and discuss their problems," stated President Newburn after the dinner.

Horsepower is always safer when mixed with good share of horse sense.

Science can magnify the human voice 12,000 times. If they tried it on the baby, we'll scream, too.

US Financial Aid Averts British Crisis, Consul Tells World Politics Class

An "appaling disaster" might have befallen Britain without the United States loan and Marshall Plan aid, E. F. Bisiker, former British consul in Cleveland, told a World Politics class Monday afternoon.

Bisiker, now a representative of the American British Associates, spent Monday on the campus while on his way from British Columbia to San Francisco. His organization is one of many existing in both the United States and Britain whose aim is to promote understanding and cooperation between the two countries.

With the loss of its heavy pre-war export trade, its lack of up-to-date production facilities, its high cost of conducting a war, Britain, said Bisiker, was faced with an economic problem at the end of World War II which was not overcome until American aid began arriving.

With such aid, Britain, in the five years since the war, has begun to return to a standard of living which gives the British people hope of regaining pre-war standards.

Bisiker's remarks were made at

the end of a talk on "The Common Heritage of the English Speaking People." He told his audience that the United States contributed to Britain two very important things: freedom of religion and the British Empire in its present form.

"From the American Revolution, we learned, in the words of David Lloyd George, World War I prime minister, how not to run an Empire," said Bisiker. "From that period on, Britain developed an Empire which exists in its present form."

Campus Interviews on Cigarette Tests

Number 4...THE COMMON LOON

"Don't be silly!
What do you think I am...
a goose?"

Our fine-feathered friend isn't being "taken-in"

by all those tricky cigarette tests you hear so much about! A fast puff of this brand—a sniff of that. A quick inhale—a fast exhale—and you're supposed to know all about cigarettes. No! You don't have to rely on quick-tricks. The sensible way to test a cigarette is to smoke pack after pack, day after day. That's the test Camel asks you to make... the 30-Day Mildness Test. Smoke Camels—and only Camels—for 30 days. Let your own "T-Zone" (T for Throat, T for Taste) be your proving ground. And when you've tried Camels as a steady smoke, you'll know why...

More People Smoke Camels than any other cigarette!
