Ike Carpenter Signed For Homecoming Dance Nov. 4 in SU Ballroom

Ike Carpenter, "New King of the Keyboard," and his orchestra will play at the annual Homecoming dance, Chairman Joan Skordahl announced Tuesday night.

This will be a return engagement for Carpenter who played for the Mortar Board Ball in the spring of 1949. Students will remember his last appearance when he featured the red-haired Dumont twins.

This year's Homecoming dance is tentatively scheduled for the Student Union ballroom Nov. 4. It will carry out the Homecoming weekend theme of "Union and Reunion." Tickets for the dance will be \$2.40.

Frosh Near Election Time; Petitions Due

Yearling office seekers will complete the first leg of their election campaigns at 5 p.m. today when all petitions for the four frosh offices are due at the ASUO office.

Under new rules approved in a meeting of the Executive Council Monday night, petitions have been divided into two classes: one for those running for president or vice-president, and the other for those running for secretary or treasurer.

Herb Nill, ASUO vice-president who is in charge of elections, said Tuesday that candidates need not obtain new petitions but instead are to indicate their offices of choice on petitions they already have.

The Executive Council also decided that there would be no restrictions on the endorsing of candidates. Signatures may appear on more than one petition and still be valid.

A freshman general assembly has been tentatively scheduled for Sunday at 7:30 in the Student Union ballroom. At that time candidates will be allotted five minutes to introduce themselves and explain their platforms. Nill also added that representatives may speak for candidates during the five-minute period.

Bonfire Kindlers To Meet In SU

Bonfire representatives from each men's and women's dorms are requested to meet today at 4 p.m. in the Student Union.

Bonfire chairman Rod Bell urges that all freshmen representatives attend the meeting to help in the organizations of the freshman class for the bonfire.

Danger--Lazy Ducks Eye Open-Air Lift

Oregon students are a lazy lot.

At least there seems to be someone around here who thinks so.

For several months there has been an outdoor platform-type elevator for lifting building materials into Friendly hall, which is being remodeled.

Apparently someone felt that students might find the urge to take a free ride clear to the top of the three-story structure just too tempting, for a sign warns: "Danger. No Riders Allowed."

Group Dinners Set for Women

Hazel Schwing dinners, sponsored each term by Heads of Houses, will be held at 5:30 p.m. Thursday in women's living organizations.

Each woman participating will contribute 10 cents to the Hazel Schwing scholarship fund, which provides for the award each spring term.

Women's groups were paired alphabetically by Barbara Bates, Schwing dinners chairman, at a Heads of Houses meeting Monday.

Board Proposes Six-Year Program, Portland Addition

A new women's physical education building and additions to the present infirmary and business administration buildings are slated to be built at the University within the next six years according to plans approved by the Oregon State Board of Higher Education during a meeting in Portland Tuesday.

Job priorities for the six year program were set at the request of state budget director Jarry Dorman.

An addition to the present business administration building sometime between 1951-53 is the first major project to be undertaken on the UO campus. A new women's PE building is scheduled for construction during the two year period beginning in 1953. The erection of an infirmary addition will be undertaken at the University of Oregon as its share of the last third of the six-year program.

The board building committee also approved the purchase of four vacant lots and a residence in the vicinity of 13th and Agate by the holding company of the University of Oregon Alumni Association. This is in line with the present University policy of purchasing all available property west of Moss St. which forms the present 10 year expansion line.

Included in the major items for the 1953-55 construction period is the remodeling and modernization of old buildings on all the several campuses. Details concerning the specific UO buildings to be affected by the renovation program were not immediately available.

The UO medical and dental schools in Portland figured heavily.

Squad Send Off Set for Friday

A car rally, starting at 3:30 p.m. Friday, will send the Oregon team off to meet the University of Southern California on Saturday.

The rally will start with the hilltop houses, come down onto the campus, picking up living organizations as they go, and will end up with the millrace houses. House pairings will be announced in Thursday's Emerald.

After picking up all living organizations, the cars will drive immediately to the airport where the team will leave by plane for Los Angeles. Cars will start arriving at the airport at approximately 4:40. The team will arrive soon after.

Homecoming hostess for 1950 will be announced during the rally. She will be the winning candidate of six finalists, who are introduced in this week's Emeralds.
