

SU Board Okays Recreation Deals

Proposals by four Student Union standing committees were kicked back and forth across the table Wednesday night in a regular meeting of the SU Board.

Two of the proposals were approved by the board, while the other two were sent back to the committees with recommendations by the board. The rejected proposals will probably be submitted again at the next meeting.

A program recommended by the SU recreation committee, which included bowling intramural tournaments during winter term between 40 student teams, was sent back to the committee with the recommendation that it be changed to 32 student teams and eight faculty teams.

Approved Program

The rest of the program was approved. This included a bridge tournament during the latter part of fall term, and ping-pong, billiards, and pool play during spring term.

A proposal by the ballroom

committee to allow house dances to be held in the ballroom was referred back to that committee for further consideration.

According to this program, house dances could be held in the SU providing they were all-campus and would include at least 120 couples.

Discussion also arose during the meeting over the question of high school students in the recreation area, and the presence of various campaign booths in the lobby of the SU. Action is pending an investigation by the house committee and the director of the SU.

The two proposals approved by the board were submitted by the publicity and house committees. Both concerned committee organization and functions.

Play-Goers Fill Theater to See Entertaining 'Born Yesterday'

"Born Yesterday," is playing to sold-out houses, according to Virginia Hall, business manager of the University Theater.

Not all seats are sold for tonight's and Saturday's performances she reported, but persons wishing to see the play should make reservations as early as possible.

"If they wait until a few minutes before curtain time," she warned, "it is likely they will not get to see the show—or at best will have to stand."

Alumni who have participated in any University Theater production will be admitted free to performances tonight and Saturday, if they ask for tickets before the house is sold out.

Curtain time tonight is 9:15. Saturday curtain is at 8 p.m.

The three-act comedy has Joyce Sommerlade and Faber DeChaine in lead roles. The play is directed

by Horace W. Robinson, with technical direction by William E. Schlosser.

The play concludes its six-performance run Saturday. A closed performance will be given Monday night to the Business and Professional Women's club of Springfield.

Tryouts Held Today

Tryouts for a radio fantasy, "Captain John and the Golden Locket," will be held from 3 to 5 p.m. today in Studio A, Villard.

Under the direction of Burton Filet, graduate assistant in speech, the play will be broadcast over KOAC at 4:30 p.m. Thursday during the University Hour.

Both female and male parts will be available.

Biology Seminar Today

A biology seminar will be given at 4 p.m. today in 103 Deady.

Title of the seminar will be Animal Biochromes, (the coloring pigments in animals). Articles will be reviewed dealing with this subject.

Chairman for today's seminar will be A. S. Lockley, instructor in biology. Speakers will be Curtis Wiberg and Tom Maloney.

IDC, IFC Representatives Discuss

(Continued from page one) events and during study hours (7-10 p.m.).

These two ideas were prohibited under the IDC-sponsored plan. It was these two points which the IFC told the three IDC leaders they would not be willing to accept.

Most other points in the two programs agreed. The fraternities are not prohibited social contact with their pledges after rush week fall, winter and spring terms.

Tribunal Changed

Another compromise changed the personnel of the proposed Tribunal, dividing membership equally between the two groups. Both will be represented by two members, with a fifth voting member from the faculty.

The Inter-fraternity Council was called to discuss the IDC proposal by ASUO President Barry Mountain, who has spearheaded efforts to reach a new rushing agreement.

Meeting at Phi Delta Theta at 10:30 p.m. Wednesday, the IFC, according to President Bill Harber, realizing that there would be strong disagreement on several points in the document, requested Mountain to contact DuShane and

the IDC leaders to confer with the IFC.

Leaders of the IFC Thursday expressed satisfaction with the new document. Jim Hart, president of Pi Kappa Alpha, informed the Emerald that both groups had compromised, and both had sacrificed some of the desires of each.

ASUO President Barry Mountain issued a statement Wednesday afternoon in which he said:

"Both the IFC and IDC gave way to their personal interests in order to assist the student body as a whole. I know of no better example of Greek and Independent cooperation than was displayed by both groups."

Mountain added that he hoped that this "gentleman's agreement" will pave the way for better relationship between all student groups."
