

Extension Dept. History Begun

Mozelle Hair, retired head of correspondence study, has begun work on a history of the Extension Division which will be released sometime this school year.

Miss Hair explained she was the logical person for this task as she has been with the department since the fall of 1909 and is the only one who has been in the Extension Division that long and is still with it.

Beginning with the authorization of correspondence study by the University of Oregon faculty in 1907, the book will cover the division's history up to the present.

Though at one time a part of the University, the Extension Division, since the formation of the State System of Higher Education in 1932, is a separate unit under the system with branches in Eugene, Corvallis, and Portland.

Joe College Finalists Discuss "Wha Oughta Hoppen" on Date

By Marge Elliott

"Wha oughta hoppen" on a date was discussed by Joe College finalists—Carson Bowler, Rod Bell, Tom Bauman and Fred Decker—in a panel held for members of the freshman women's "Y" committees Tuesday.

Women weed addicts should note Bowler's viewpoint that "If you like a girl, you don't think she looks too sharp smoking." He added, "Some girls can smoke and look OK—but not many. It's a little different when the fellow and his gal really know each other."

Bell doesn't mind if a girl smokes. . . if the boy does.

Bauman respects a girl who doesn't smoke. Decker doesn't mind if a girl smokes, either, as long as she isn't a smokestack all of the time. He said, "Girls who smoke on dates with a fellow who doesn't smoke should furnish their own cigarettes."

There is no doubt in these fellows' minds that the babe who is constantly "beering" in local establishments is (to put it roughly) a scrounge. The Joes aren't prohibitionists, but "moderation" is a key word.

Agreed: a girl who will "be herself," (this should have a rush week ring), will get a lot further with the fellows. Bowler summed it up in an example. "You ask a sweet girl in gingham to a dance, and then she shows up in one of those snakey black affairs. When your eyes bulge, the gal thinks she's slaying you. . . well, she's slaying all right, but not favorably."

Sincerity Favored

Sincerity will make the best impression. A fig to gals who dominate conversations, talk about their last dates, overdress, put on acts, and constantly bubble with a "rah-rah" girl personality. The fellows shyly admitted that they kinda like to talk about themselves.

And, of course, the inevitable question arose; "Should a boy kiss a girl goodnight on their first night out?" The conclusion was:

Yes, if they've been to a big event and had a good time. That is, if they both seem eager. Some of the "Y" girls attending remarked that he would have to be a pretty terrific date! Answer is no, if it's a coke date or small social event.

Do men favor short or long hair? Opinion was split. Nevertheless, it was agreed that the girl who styles her hair to flatter her features or personality can't go wrong.

This is an old one, but a lot of us need to be reminded of it—"If at first you don't succeed, try, try again!"

Open House Set By YW Nursery

Members of the student YWCA committee working with the University YWCA cooperative nursery will be hostesses at its general open house from 11 a.m. to 12 noon Tuesday.

The nursery will be presented to the public for the first time in its new location at 13th and Ferry Sts. It was formerly located in the Fairmount Presbyterian Church at 15th and Villard.

The YWCA-sponsored nursery, which is self-supporting, is limited to children of University faculty and students. Director is Mrs. John McCloskey. The nursery is open from 9 to 12 noon five days a week.

Mothers of children enrolled in the nursery, and University students assist in caring for the children.

All friends of the University YWCA, a community chest agency, are invited to the open house, Lois Greenwood, executive director of the YWCA, stated.

Alpha Phi Omega Representatives Hear Conference

Seventy representatives from 14 northwest schools attended the three-day regional conference of Alpha Phi Omega, national service honorary, held in the Student Union this weekend.

Ideas were traded on such things as rushing and administration by the representatives. Individual committee meetings were held for all officers.

The APO representatives made recommendations to take back to their own chapters and made resolutions to present at the national convention in Des Moines, Iowa, December 28-30.

Plan Plane Trip

Tentative plans for chartering a plane for the Des Moines convention were made at the conference. Two delegates from each chapter will attend, and anyone else who is interested.

A presentation was made to Joseph Scanlon, national APO executive for the northwest section, in recognition of his services to the fraternity. When he became executive four years ago, there was only one chapter compared to the present 14 in the northwest section, consisting of Oregon, Washington, Idaho, and Montana.

Attendance at the convention was gratifying because of the number of speakers present and also of older men who attended merely because of interest in the organization. Twelve representatives from Missoula, Montana, drove through high snow passes to be at the meeting, Dick Thompson, local chapter president, said.

Oregana Sales Stop Wednesday

With only one-quarter of the house representatives reporting, approximately 150 Oreganas have been sold during the first days of the late sales drive, Business Manager Bob Schooling reported Sunday. This brings the total up to 3,200.

Late sales will continue today through Wednesday. Booths are located at the checking stand in the Student Union (moved from the lobby booth) and in the Co-op. Books may also be purchased from house representatives.

Booth hours are 9 a.m. to 5 p.m. at the Co-op and 9 a.m. to 5 p.m. and 7:30 p.m. to 10 p.m. in the Student Union.

These mid-term tests aren't really bad; It's just the grades that make me sad.

KOAC to Present UO Pianist, Vocalist

Madelon Adler, junior in music, and Janis Evans, sophomore in music, will be featured on "Campus Recital," KOAC radio program from 8:15 to 8:45 p.m. tonight.

Miss Adler's piano program includes Bach's "Partita in B flat Major, No. 1."

Miss Evans, accompanied by Georgene Shaklin, senior in music, will present Scarlatti's "Le Violette," Mozart's "Ah Lo So," from the "Magic Flute," Pietro Cimara's "Fiocca La Neve," Rachmaninoff's "In the Silence of the Night," and Edward German's "Who'll Buy My Lavender."

Meeting Scheduled For Teachers-To-Be

The teacher placement service will hold a meeting for all prospective teachers at 3 p.m. Tuesday in the University High School auditorium, according to Earl M. Pallett, director.

Pallett says that it is important that every person who plans to be ready for a teaching job next fall or sooner and wants to be located attend the meeting. Information about the service of the teacher placement bureau will be given and registration blanks will be distributed.

"The sooner the registration blanks are in the office, the quicker the candidate will be ready for a job, and jobs are coming in now," Pallett stated.
