KDUK to Have 3 Newscasts

Three news programs a day will be presented over the University's new FM station, KDUK.

Two of the news programs will be handled jointly by KDUK and the School of Journalism.

A summary of campus news, "Tomorrow Morning's Headlines," will be presented each evening by the Emerald, also in cooperation with KDUK.

The announcement of the first scheduled programs of the new station came Monday from Glenn Starlin, faculty advisor of KDUK, and Gordon A. Sabine, dean of the School of Journalism.

The noon and dinner news programs will be the responsibility of the radio news writing classes of Gordon Greb, instructor in journalism.

A staff to handle the nightly news show which will present highlights of the news which will appear in the Emerald the next morning, will be named by Editor Anita Holmes and Managing Editor Lorna Larson.

scale depending on whether you use cream. Lacking the flash and newness of the Erb Memorial, the MU is probably more solidly entrenched as the hub of campus activity. Almost all student offices are located there. About 2,000 couples can dance in only relative discomfort in the building, with dancing in the downstairs ballroom and the upstairs lounge, cleared of furniture.

Operation of the MU is in the hands of student committees (one of them on "dance instruction") under a chairman, with subcommittees somewhat similar to those at the University in charge of hanging pictures, another in charge of taking down pictures, and many other interesting things.

Apparently Oregon is not the only place where progress moves forward by going backwards and sideways—one guide pointed out an unfinished storm sewer which he said was begun when he entered school. He was a senior. And a "temporary" dormitory identical with the Oregon Vets' Dorm adds dubious distinction to the south end of the campus. It's been there five years; so has our "temporary" dorm.

Most fascinating rumor heard was that at Oregon, the Side is

 season's record. And rally squad girls affirmed the same report about the Oregon rooters.

The big wheels, those who are used to being quoted, were almost unanimous in picking Oregon to win, but we rather doubt if they're putting much money on the table to back up their statements.

"We've got three wins between us," and "it's just a contest to see who stays in the cellar," were samples of less enthusiastic student reactions.

Nevertheless, the Ducks will show up in Portland with at least 1500 rooters (It's their turn this year to gripe about ticket distribution) and as one fan explained it: "There should be some swell parties."
