**Campus Interviews on Cigarette Tests**

**Number 9...THE MARSH HEN**

*"For a while they had me swamped!"*

Seems like this confused fowl got mixed in a metaphor and was almost turned into a guinea pig. The story goes she got caught in a welter of quick-trick cigarette tests... one puff of this brand, then a puff of that... a sniff, a whiff — a fast inhale and exhale. And then she was supposed to know all about cigarette mildness! Is that the way to treat a lady?

And is that the way to judge a cigarette?

We think not. That's why we suggest:

**The sensible test** — The 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke — on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste) we believe you'll know why...

**More People Smoke Camels than any other cigarette!**

Brother, you bet they're good! Delicious, chewy, chocolaty TOOTSIE ROLLS at all candy counters. Each is individually wrapped to insure fresh goodness.
