Piggers' Misprint Causes Confusion

Alpha Tau Omega and The Texas Co. have a mutual complaint against the Piggers' Guide—the one for too few phone calls, the other, for too many.

Due to a misprint in the fraternity's phone number, which should be 4-2245, the Texas Co. at 4-4245 has been receiving many misdirected calls, Piggers' Guide Editor Virginia Wright pointed out. She suggested that students change the number in their Piggers' Guides to stop the confusion.

Coffee Prices Rise In Student Union

It's the same coffee, but it costs three cents more.

The price of a cup of black coffee in the Student Union has been raised from seven cents to ten cents, Miss Ruth Coffey, SU foods director, announced Wednesday. Second cups will be a nickel.

Coffee with cream is still a penny extra; the price has gone from eight cents to eleven cents.

Tryouts for First 'Arena' Play Scheduled for Friday in Villard

General tryouts for "Goodbye My Fancy," to be directed by Ottilie Seybolt in the new "arena-style" theater, will be held at 4 and 7 p.m. Friday in 104 Villard.

The comedy, a recent Broadway hit with Madeleine Carroll, will be presented with a University cast March 2 through 10 in the remodeled intimate theater in Villard Hall.

It is the first production planned for the small theater—which was remodeled during the Christmas vacation to fit the needs of the University Theater. Work is still in progress on the facilities.

An intimate, or "arena-style" or "in-the-round" production is one in which the audience sits on all sides of the acting area. The central staging allows a more intimate relation between the actors and the audience. Settings for arena productions are necessarily different from the usual "picture frame" setting commonly used in the theater; with major emphasis on lighting and props for effect.

Use of the intimate theater in February will mark the full-time operation of each of the three theaters of the University Theater. The laboratory theater and the main theater have been in operation since the formal opening in the fall of 1949; but the intimate

theater has not yet been used by a University Theater group.

It was used during last year's drama conference, but facilities were not adequate. The remodeling during Christmas vacation has made the theater adequate for the production of major University Theater plays.

Radio Equipment On Way to UO

FM equipment, ordered from Quincy, Ill., has not arrived for the new University radio station, KWAX. "Broadcasting will not be under way until two weeks after the equipment is received, but we have no idea when to expect it," D. Glenn Starlin, assistant professor of speech, said.

KWAX was previously scheduled to start broadcasting winter term, after being approved by the Federal Communications Commission in December.

Positions are still available on the permanent staff, according to Don Frost, business manager. Programming is not yet complete, but will cover a six-day week, eight-hour day schedule.

CLASSIFIED
