invited." Philosopher James Bill of Stan Ray BB21 known affectionately as "The Mangler" offers advice on how to get rid of unwelcome guests: "Do Em in right and you won't have a comeback." Perhaps the unknown occupants of Stitzer AA3 summarizes the mood of the dormitory units with her (or hers), "Well, what in the hell do you want!"

"Golden State" residents are well represented at Vets'. Taking it for granted that every passer-by knows there's only one "God's Country," Stitzer AA19 Norm Hays of the Bay City inscribes there two words on the door while room-mate Bob Stout simply says "California also." Doctor-to-be Richard Buchanan from "God's Country" says "When do we start skiing?"

Some of the Carson Hall "penitentiary atmosphere" must have mingled with the Weyerhaeuser aroma and drifted over to the Web-foot Matchbox. The not on 200 Cherney institutionally says: "Cell 200; Block C; Prison 2; Inmate—Gordon Gullum; Sentence—1 year." BB19 Stan Ray inmate Gislove "Expects parole in—June 1953."

Prospective mothers at Oregon having trouble with baby's layette may soon be making the long trek to 16th and Alder. It seems that an enterprising young man in E20 advertises on the door to his lodgings, "Alterations—Hemstitching." Not to be outdone by Merrick's seamstress, Leroy Dunn and Bob Scholer of EE 2 appeal to the large majority of University students who wear shoes with "Shoe shine \$.20—Dye \$.35."

But—come Saturday night when the Oregon co-eds receive a reprieve until 1 a.m., the sign on Nestor 208 is most representative of all the guys at "Cardboard Manor." It says simply "And Then Larry Went Into Action."

Signs of Times Seen on Doors

By Tom Shepherd
 Whoever said, "What's in a name?" should take a stroll through Veterans' Dormitories and not the nameplates on occupants' doors. The simple task of writing an alias, prospective means of support, city and-or alma mater seems to pose a problem for "Pasteboard Palace" residents, and the signs that do eventually hobnob with the plywood are—well, let's get on with the story.

The words "Come in" and "Welcome" are foreign to most Alder St. boys. "Let it not be said that studies interfere with my education—enter," states the longwinded occupant of 133 Hunter while Bob Cool of Merrick says "Take a peek inside."

Along the same line of feminine thought, Merrickers Al Goldenberg and Sharky Weatherall emphatically state "Boys! Keep out!—Ladies without escorts cordially

The worst feeling in the world!

Nine years old and he can't play with the gang! His parents say two or three of the boys are different and he shouldn't associate with them.

What do they mean, different? He remembers that only a few days ago his history teacher told him that all Americans are equal—all citizens of one country and all working together.

This kid judges the rest of the gang by their individual personality, character and how they play ball—not by their race or religion.

Each race, each religion, contributes its own talents, culture and idealism to produce that amazing blend of ideas and vigor which have made America great. This boy wants to be proud of his country... not ashamed of it—and he can be if we don't influence him to the contrary!

Make sure that you are not spreading rumors against a race or a religion. Speak up, wherever you are, against prejudice, and work for better understanding. Remember that's what it means—to be a good American citizen.
