

A literary critic says that a good story must have an ending that satisfies. But, what if the wife won't wait to hear the end.

Marge Scandling Wins Position

Margaret Scandling, senior in journalism, has won an appointment to Mademoiselle magazine's college board, the publication announced recently. She is one of 700 college women who competed for positions on the college board.

Theta Sig President

Miss Scandling is president of Theta Sigma Phi, national women's professional journalism fraternity. She is also a member of Alpha Delta Pi sorority. She has been a member of Kwama, sophomore women's honorary, and Phi Theta Upsilon, junior women's honorary.

As a member of this board she will complete three assignments for the magazine in a competition for one of twenty guest editorships to be awarded by Mademoiselle in June.

Will Go to New York

These guest editors are brought to New York for four weeks in June to help write and edit the magazine's annual college issue. They are given a salary plus transportation to and from their homes.

Miss Scandling's home is Salem.

Carnival Petitions Due Wednesday

University women interested in working on the Women's Athletic Association annual Carnival should petition immediately, President Bonnie Gienger announced Thursday.

Carnival date is February 16. Positions open are co-chairmen and chairmen of committees on decoration, finance, food, publicity and promotion, cleanup and booths.

Deadline for petitions is Wednesday at 5 p.m. Miss Gienger at Hendricks Hall and vice-president Phyllis Rick at Rebec House will take the petitions.

Carnival chairmanships are open to all women, not only WAA members, Miss Gienger said.

AWS Petitions Due; Meeting Tonight

Petitions for AWS officers have been called for by Barbara Stevenson, president.

They can be picked up at the Student Affairs Office in Emerald Hall and may be turned in either to Barbara Stevenson at Kappa Alpha Theta or to Eve Overback at Hendricks Hall as soon as possible.

The AWS Council, which consists of the AWS cabinet and presidents of the various women's honoraries and organizations, will meet at 6:10 p.m. today in the Student Union. The meeting room will be listed on the SU bulletin board.

Waechter Book Tells of Schools For Very Young

"Schools for the Very Young," a book co-authored by Heinrich H. Waechter, associate professor of architecture, and his wife Elizabeth, is now being published by Architectural Record magazine of New York.

The book deals with the particular needs of schools that are set up with the purpose of giving proper training to children between the ages of 3 and 7. Examination is made of outdoor space, equipment, and planning as they concern this type of school.

Also included in the 208-page volume is a historical and philosophical account of child education.

Waechter received his architectural training in Germany and worked in Sweden for two years before coming to the United States ten years ago. He came to the University in September from Virginia Polytechnic Institute.

The American Institute of Architecture awarded Waechter an Edward Langley scholarship for advanced research work on the subject of pre-schools.

His wife runs a school in Eugene for handicapped children.

Associated Students Memorial Building University of Washington Seattle, Washington

The Associated Students Memorial Union Building is one of the favorite on-the-campus haunts of students at the University of Washington. That's because the Union Building is a friendly place, always full of the busy atmosphere of college life. There is always plenty of ice-cold Coca-Cola, too. For here, as in university gathering spots everywhere—Coke belongs.
