

'Adequacy' Discussed In First Lecture of Series

"Emotional maturity, as physical perfection, is a goal of all persons but one which none completely achieve," Dr. and Mrs. O. R. Chambers agreed in their discussion of "Social Adequacy," Tuesday night in the first of Marriage and Family lecture, sponsored by the YW and YMCA.

Council Selects Date for First Sport Night

An athletic carnival set to music will seek the favor of the public Mar. 10 when the ASUO presents the first annual Sport Night.

According to information released by ASUO President Barry Mountain, the indoor sport display will feature a track meet, a smoker, tumbling and other demonstrations provided by the School of Health and Physical Education. Music will form a background for the performance of the various events which will take place in McArthur Court.

Admission price will be 50 cents for students and \$1 for townspeople. The ASUO will be assisted by the Order of the "O" in carrying out the spectacle.

Mountain said that the possibility of gaining financial self-sufficiency for the ASUO was one of the major considerations in the presentation of Sport Night. He expressed hope that through the receipts taken in the ASUO could cease to be dependent upon other sources for revenue. The program has received the approval of the student affairs office, Mountain said.

Petitioners for the general chairmanship of Sport Night are now being sought. Senior or graduate students, preferably PE majors with managerial experience, are requested to contact Mountain concerning the job. Petitions will be accepted until 5 p.m. Monday and may be turned in to Mountain's office.

JIFC, IFC to Meet On Senior Rides

Discussion of the senior ride problem will be continued Thursday at a joint meeting of the Inter-Fraternity Council and the Junior Inter-Fraternity Council.

The council was last week informed of the seriousness of the senior ride issue by University officials. Debate was tabled and house representatives were requested by IFC president Bill Harber to present the problem to their individual living organizations. A definite policy regarding senior hazing may be formed Thursday.

In further action last week the IFC abolished the four week waiting period on freshman initiations established following deferred rushing. Due to the present emergency and the fact that many men are entering the armed services, the council expressed approval of initiations during the first portion of the term. Formerly fraternities were not allowed to initiate freshman in the beginning four weeks of winter term. A 2.00 GPA will still be required.

A student-faculty committee was formed to consider assistance for fraternities by the University administration during the period of emergency. A report on the committee's findings will be presented at Thursday's meeting.

Blood Quota Now 500 Pints

Clearance for receiving 500 pints of blood in the University blood donation drive Monday was received through Multnomah County Red Cross headquarters Tuesday, Donna Mary Brennan, president of the campus chapter, has learned.

Students, faculty members, and husbands and wives of students are urged by Miss Brennan to sign up for the drive today in order to reach this new goal. The original University quota was 350 pints.

Pledge Cards Due

Pledge cards are due at 5 p.m. today. Boxes and pledge cards are available in the Co-op and main entrance of the Student Union for the use of both on and off-campus students and faculty members.

Parental releases for students under 21 may be turned in with pledge cards or brought to the Student Union Ballroom at the time of donation Monday, Miss Brennan announced. This new ruling should make it possible for additional students to receive parental consent, she said.

To reach the goal of 500 donors each individual must make the success of the drive his personal responsibility, and not leave it up to others, Miss Brennan emphasized.

200 Pledges Received

Considerably more than 500 should sign up because of disqualifications and failures to appear for appointment. Approximately 200 pledges have now been received, she stated.

Pledge cards should be turned in by house presidents to Herb Nill at Theta Chi, for the men, or to Leslie Tooze at Kappa Alpha Theta, for the women.

Appointment cards will be mailed to donors, stating time to appear for their donations. In the event of class conflicts, the donor is asked to check with the Office of Student Affairs to make necessary arrangements to enable him to keep his appointment.

Students are reminded that anyone who has had infectious jaundice within the past year or has been inoculated for typhoid or vaccinated within the past month should not sign up as they cannot be accepted.

Milton Dieterich To Give Cello Recital Thursday

Milton Dieterich, assistant professor of music, will present a cello recital at 8:15 p.m. Thursday night at the Music School Auditorium, assisted by Marjorie Carlson, Suzanne Lichty, and Keith Cockburn, junior, sophomore and senior in music, respectively.

William Woods, instructor in piano from the University of Southern California will be pianist for the group. This is his first year at Oregon.

Professor Dieterich graduated from Grinnell College in Iowa and has played cello in various orchestras as well as given many solos. He was a member of the Oklahoma City Symphony for many years also.

The program follows: Sonata in G minor, Opus 38 by Brahms; Chorale 34 by Bach-Bazelaire, and Romanze by Schumann-Salter, for four cello; Requiem by Popper for three cello and the piano; and Sonata in G minor, Opus 117 by Faure.

Dr. Chambers, chairman of psychology at Oregon State, and Mrs. Chambers, who has taught psychology at OSC, pointed out that "emotional maturity is a necessity for social adequacy."

The speakers first gave symptoms of social inadequacy, and then characteristics of the emotionally mature individual.

"Inadequacy is largely an individual question," they pointed out. Among types of persons demonstrating inadequacies are those with fixations or dependencies, those who repress their own ideas, who withdraw from the group, and who use various psychological devices for excusing or hiding their inadequacies.

Types of Inadequacies

Dr. Chambers mentioned the morose or depressed individual, the egocentric or self-centered type, and the one who uses compensation to hide his true personality. Jealousy is also an indication of inadequacy to meet a social situation, he remarked.

The person who relies on artificial stimulation to produce a good time is showing a further type of

'Hello--Joe?'

NASHVILLE, Tenn., —(AP)— If Soviet Premier Joseph Stalin accepts a transoceanic telephone call, three college students plan to ask him these questions:

What do you think will be the outcome of the Korean crisis?

Why does Jacob Malik veto so many UN proposals?

Do you have any plans to mobilize in Eastern Europe like the United States has in Western Europe?

Why did Malik veto the cease-fire proposal in Korea?

Do you have a successor in event of your death?

Expecting their call to the Kremlin to be completed at 9 a.m. (PST) some day this week are three Vanderbilt University freshmen: Jimmy Threldkeld, Tupelo, Miss.; Hans Pauls, Steubenville, Ohio; and Charles Newman, Cookeville, Tenn.

When the phone call was placed Sunday night, Threldkeld said the trio wanted to learn from Stalin if they should join the U. S. Army now or wait for the draft.

KWAX Equipment Still Arriving

Equipment for KWAX, the University's new FM radio station, is still arriving, but, according to word from Glenn Starlin, radio instructor and advisor to the station, it will be some time yet before the radio station can begin broadcasting.

Radio tubes were received Tuesday. Still to come, said Starling, is a transmitter and antenna. The equipment is being sent from manufacturers in Quincy, Ill.

Starlin said broadcasting will start two weeks after all equipment has arrived.

SU Board Postpones New Member Selection For at Least One Week

Appointment of a new member to the Student Union board has been postponed for at least a week, and possibly longer than that.

Six out of 14 voting members of the board were absent from the Tuesday night meeting and as a result, members present were not able to reach a majority vote on any candidate.

(According to the SU board's Perpetuation Plan, eight is the required number of votes needed to elect a new member to the board.)

Straw votes conducted by Board Chairman Hapk Panian indicated a split vote between Barbara Howard and Patricia Mullin. The two women, both juniors in the School of Education, will be reinterviewed by the board at its meeting next Wednesday. Appointment will be made that night providing a majority vote is cast for either candidate.

Find 'Suitable' Meeting Time

During a discussion later in the meeting over setting a more "suitable" time for board meetings, Ed Peterson remarked:

"It would be interesting to find out where everybody is tonight and why they're not here."

The board settled on 4:30 p.m. Wednesdays as the most suitable time for meetings.

Other business during the meeting included final preparation for a "clambake" to be sponsored by the board; a report from the chairman of the SU directorate; and acceptance of a proposal that the SU board sponsor the Lemon-Orange squeeze.

SU to Handle 'Squeeze'

The Junior Interfraternity council, which sponsored the Lemon-Orange squeeze last year, was turned down by the Student Affairs committee which recommended that "preference be given the SU board for handling that event."

According to Dick Williams, SU director, the dance would take the place of the regular Friday night mixer. It has been scheduled for the ballroom following the Jan. 26 Oregon-OSC basketball game.

Dewey Wilson, chairman of the Student Union directorate, read a report to the board in which he commented on the success of last Friday's mixer and the Wednesday night square dances.

He also said there was a considerable increase in the number

Tickets on Sale For Dinner

Tickets are now on sale for Religious Emphasis Week's Fellowship supper to be held at 6 p.m. Sunday in the Student Union.

Students, faculty and townspeople may purchase them for 60 cents at any religious organization on campus, at the SU main desk on Thursday and Friday or at the door Sunday evening.

Jane Simpson, chairman for the supper, said Tuesday that the guest speaker will be the world famous physicist, Dr. Robert Millikan, from Cal Tech. George Yost, R. E. Week chairman, and Barry Mountain, ASUO president, will also speak.

Miss Simpson emphasized the fact that the fellowship supper will be taking the place of the regular Sunday evening meetings at the religious foundations on the campus. This supper will formally inaugurate R. E. Week activities.

Approximately 150 students, faculty and townspeople attended the supper last year and "We hope to exceed this number this year," Miss Simpson announced.

Castello Speak On Philosophy

"Cybernetics and Philosophy" will be discussed by Dr. Albury Castello, head of the philosophy department, from 7:30 to 9:30 tonight in the Browsing Room of the Student Union.

Castello has been at the University since September, 1949. Before that time he had been associated with the University of Minnesota, the University of Washington, Purdue, and Columbia University.

Among the books he has written are "College Logic" and "Introduction to Modern Philosophy." Castello is also an experienced radio lecturer.

This is the second of the lecture-forum series, and it is open to members of the association, faculty, and students in the University.

'Moonlight Girl' Finalists

CANDIDATES FOR MOONLIGHT Girl of Phi Sigma Kappa are from left to right, top row: Pat Foley, Barbara Brabham, Fern Lyon; bottom: Sherry Antony, Donna Claire Ringle, and Thelma Savelich. The Moonlight Girl will be named Jan. 27.
