At Theta Chi...

Oregon's northern branch was dealt a second straight basketball defeat as the UO chapter of Theta Chi rallied to upend a quintet from the OSC chapter, by a score of 21 to 19.

After falling behind 12-7 in a slow first half, the Webfoot crew rallied on buckets by Don Krieger, Ron Clark, Bill Korpela, and Jerry Hendren. With three minutes to go, the Ducks began a stall that froze the score. Doug Coghill was high for the winners with seven, John Reardon lead all scoring with eight.

A preliminary game featured more beef than basketball, as both chapters were required to field teams with a weight total of 1,000 lbs. The Aggie 200-pounder took a 4-0 lead, but hard-charging Hollie Pihl waddled through their dense defense to even it up. The game ended in a deadlock.

The win in the main event gave the Oregon Theta Chi's possession of a rotating trophy, which is contested annually in football, basketball, and softball.

Ferrer, Holliday Win 'Oscars'

Jose Ferrer and Judy Holliday stepped into Filmland's elite Thursday night, winning Hollywood's Academy Awards for the best actor's and actress's performances, respectively, at the annual presentation.

Best supporting actor award went to George Sanders for his acting in "All About Eve," while Josephine Hull won the best supporting actress award for her performance as Elwood P. Dowd's sister in "Harvey," a role she had previously played in the stage production of the same play.

Special effects honors went to "Destination Moon," while "Mona Lisa," written by Ray Evans and Jay Livingston, won the best song award.

Delegates to the meeting will include Peter H. Odegard of the University of California, president of the American Political Science Association; Claudius O. Cars to Park Where The Falcon Roosts

The Falcon, 18-year-old campus eating establishment, will close its doors permanently in June. Owner Clara Buerstatte told the Emerald Thursday.

Mrs. Buerstatte said the University, which owns the property on which the eatery, better known as "The Bird," stands, will tear it down to make room for development of the Student Union mall and parking lot.

Do You Know a Rumor--- when you hear one?

During the war we knew enough to mistrust rumors and particularly knew how dangerous it was to spread them. We knew then that rumors affected our unity, and unity was vital to winning the war.

But perhaps we don't know that rumors are just as dangerous today as they were during the war.

Because—rumors about other groups, other religions and other races always threaten our national unity—without which we cannot hope to survive.

Be an active citizen—help keep your country strong, united and

secure—a good place in which men can live together, prosper together and pursue happiness together.

Make sure that you are not spreading rumors against a race or religion. Speak up, wherever you are, against prejudice, and work for better understanding. Remember that's being a good American.
