## Phils Picked

(Continued from page four)

can be no complacency on a club that just staggered home and lost the series in four straight. But the fire that drove them to their first pennant since '15 could be banked. Count on Sawyer to maintain the Phils' boyish zip.

Del Ennis, Andy Seminick, Dick Sisler, Jones and Hamner are the key hitters. Roberts, a sure fire 20-game winner, and Konstanty are the backbone of the pitching staff. Hamner, fast becoming the new Mr. Shortstop, and ballhawk Ashburn in center, are the defensive stars.

### Phils First?

Here's the way the National League looks from here:

1. Philadelphia
2. Brooklyn
3. New York
4. Boston
5. St. Louis
6. Cincinnati
7. Pittsburgh
8. Chicago

Brooklyn has the batting power, defensive skill and speed to win a pennant but the pitching still is questionable. The Giants have a tight defensible club with good pitching. Scoring runs will be Leo Durocher's main headache. If he gets the punch he can win it all.

## Tours to Include European Travel

Four student vacation tours to Europe and a fifth Good Neighbor Pilgrimage to Canada have been announced by the National Federation of Catholic College Students and the National Newman Club Federation for this summer.

The trip will include visits to Ireland, England, France, Portugal, Spain, and Italy. In Rome an audience with Pope Pius XII is planned. At all principal points visited, students will participate in guided sightseeing tours with special English-speaking guides.

Students will sail from New York on the S. S. Homeland of Home Lines on June 29, in the S. S. Constitution of American Export Lines on July 14, and in the S. S. Homeland on July 27. Members of the tour to Canada will depart from Buffalo, N. Y., on July 23. The American Express-Catholic Travel League has been appointed to handle all travel arrangements.

## Navy to Assist UO Scientific Research

H. J. Carlson, representative of the science section of the Office of Naval Research, visited the University Monday to interview persons carrying on research, in a survey of projects worthy of Naval support.

The ONR carries on one of the best scientific research programs which gives aid to the University, according to W. V. Norris, professor of physics.

More than 100 tots were entered in a baby contest in California--doubtless much to their disgust.

**THREE REFUGEE INDIAN** students bathe at a student hostel in Delhi, India. Student conditions such as this brought about the decision of the World Student Service Fund committee to designate its funds from Oregon for Assam, India. Unsanitary living conditions, improper food, and a dearth of educational facilities make student life in India difficult on the best level. The Oregon WSSF drive is in progress this week and culminates Saturday with the All-Campus Vodvil show. (See story on Page 1.)

## Sophomore Class Meeting Tomorrow

A sophomore class meeting will be held at 4 p.m. Wednesday in 105 Oregon, Helen Jackson, president, announced Monday.

Every living organization should be represented and all sophomores are urged to attend, Miss Jackson said. Plans will be made for the sophomore phase of the Junior Weekend Sophomore-Freshman Tug-O-War.

The possibility of a sophomore class picnic will be discussed and vote taken as to whether the class will have a picnic or not. Class Treasurer Delores Parrish will give a financial report.

he hopes. A scholarship toward this end wouldn't be bad at all if he could get at one.

Faber wouldn't trade the stage work he's done for anything in the world, and even though he says it's probably the corniest remark in the world, with him it fits.

## Council Gives Post

schedule of minor sports at the University. The ski team was set up on an experimental basis, Harris said, with a budget of \$900 provided by the Athletic Department.

A major difficulty for Oregon ski team members cited by Harris, who acted as coach for the ski squad this season, is the presence of bad weather in the Pacific Northwest which hinders attempts by skiers to obtain practice and round into condition for meet participation. However, Harris said that he was pleased with the progress that the team has made. Six men composed this year's ski squad.

### Recommends High Standards

Harris recommended to the council that requirements of a high level be established concerning the awarding of athletic letters if skiing were set up as an inter-collegiate sport at the University. He suggested that a committee be appointed to investigate and draw up a policy for the awarding of letters.

Saul Zaik, a member of this year's ski team, requested that the council create skiing as an inter-collegiate sport and appoint a committee to decide on definite standards upon which to judge participants for awards.

Members of the Order of the O present at the meeting expressed approval of letter awards to the skiers.

### To Appoint Committee

Following the vote to approve skiing, Mountain announced that he would appoint a committee consisting of one ski team member, one Order of the O member, one representative of the athletic department, and two members of the Executive Council.

The council heard plans revealed by Mountain for an intensive study of dormitory living at Stanford. Ten students will take part in the study and will leave Thursday to begin their observation, Mountain reported.

An orientation assembly planned by the freshmen class for high school seniors for 10 p.m. Friday during Duck Preview, was explained to the Council by Freshman Class President Wayne Carothers. The program will feature campus personalities and will be followed by a juke box dance in the Student Union soda bar, Carothers said.

### Millrace Cleaning Discussed

A plan to drain and clean the millrace by an all-campus work party was suggested to the council by Mountain. The idea will be considered by council members and discussed at a later date.
