

'Finian' Plays Last Night

"FINIAN'S RAINBOW," the musical comedy that is expected to top University records in attendance and total receipts, will go into its ninth and final performance at 8 tonight. Shown above is part of the cast for the song "When the Idle Poor Become the Idle Rich." Starring in the production are Glenna Hurst, Faber DeChaine, Gordon Howard, Jane Bowen, and Ken Hathaway.

Pianist's Style Gets High Drive From Left Hand

One of the amazing features of the piano technique of Hazel Scott, who gives a recital here in McArthur Court Saturday under the auspices of the Student Union Board, is her extraordinary use of her left hand. She has amazed audiences with the drive and power of her left hand, particularly in her boogie-woogie numbers.

Actually the left hand carries the basic rhythmic boogie-woogie according to its celebrated female exponent.

In classical music, development of rhythm and harmony are divided more or less equally between both hands. In boogie-woogie the left hand not only carries the rhythm but is also delegated the role of carrying dynamic and chordal expression, while the right hand accomplishes the fast runs which are so much a part of this style.

The last half of Miss Scott's campus program will be devoted to modern or popular music, including her celebrated boogie-woogie suite, "A Tale of Four Cities."

The opening half of the recital will embrace music of Laszt, Bach, Chopin, Mendelssohn, and Rachmaninoff, and Miss Scott's own "Freedom Suite."

Parade to Fete Armed Forces

Lt. Col. John H. Cunningham, head of the military department, has been designated area coordinator for the Eugene-Springfield observance of Armed Forces Day, May 19, according to Maj. N. N. Mihailov Jr., military department information officer.

Topping the list of activities scheduled for the local six-day observance of the nationwide celebration is a parade set for the morning of May 19.

All military and veteran organizations in the area, including a large contingent of Army and Air Force Reserve Officers' Training Corps students, will march along the Willamette St. parade route.

Maj. Gen. Frank Heilman, chief of the Army Transportation Corps, will be the guest of the Eugene Chamber of Commerce at a noon luncheon May 19, Maj. Mihailov reported.

Various other luncheons, open houses at military establishments, and military displays in downtown Eugene and Springfield, will add to the May 14-19 recognition of the armed forces.

College Board Open to Students

Interviews for Lipman, Wolfe and Company's college board will continue this morning in the office of N. H. Comish, business administration professor.

Miss Dorothy Day, fashion coordinator for the store, will conduct the interviews. Junior and senior women are eligible for the board.

Graduating students in chemistry are being interviewed by representatives of the fruit and vegetable inspection division of the U. S. Department of Agriculture this morning. Arrangements for the interviews are to be made through F. J. Reithel, associate professor of chemistry.

Representatives from the Atomic Energy Commission in Hanford, Wash., will be on campus Wednesday to interview those interested in accounting. Appointments for the interviews should be made at the graduate placement office.

WSSF Secretary To Speak Today

Patricia Tiggard, one of the traveling secretaries for the World Student Service Fund, will be guest speaker at the International Hour, 4 p.m. today at Christian House.

Miss Tiggard is a graduate of Mills College, which led the nation with highest per capita donations of students to WSSF. Everyone interested may attend the Tuesday talk.

Home Ec Meeting Held in Bend

Members of the home economics department staff were brought up-to-date on research being conducted in Oregon on home economics at the annual meeting of the Oregon Home Economics association, held Apr. 20-21 in Bend.

Miss Mabel Wood, department head, was unable to attend the meeting because of illness. It was the first two-day state gathering that the association has had. About 75 dietitians, high school and college teachers, and other persons connected with home economics attended the meeting.

Saturday and Sunday are the most dangerous days of the week in traffic.

You'll rest in pieces if you play in the street.

Jobs Available In Interest Field

Juniors who wish to get experience in their particular job field of interest before their senior year will have many opportunities to do so this summer, according to Karl W. Onthank, graduate placement director.

Onthank reported that he had several definite jobs available and that there should be others before the spring is out.

The First National Bank of Portland is looking for men to work this summer who might be interested in bank jobs after graduation.

John F. Bohler of Van Waters and Rogers, Inc. will be on campus May 15 to interview juniors who would like to train for work in wholesale selling with the company this summer.

A representative of the Philip Morris company will be on campus May 17 to interview juniors for their summer training program. Students under this program are training during the summer, and, when they return to school in the fall, remain as campus sales representatives. Upon graduation, they will have an opportunity for permanent placement with the company.

Onthank also said that any junior interested in a particular job this summer should see him and an effort would be made to place him.

Music Students Solo On 'Campus Recital'

LaVerne Watts, junior in music, and Jacqueline Madigan, sophomore in music, were presented as pianist and soprano soloists, respectively, on the KOAC and KWAX radio program, "Campus Recital," Monday night.

Miss Watts played Rachmaninoff's "Prelude, opus 32, number 3," Brahms' "Waltzes, opus 39, numbers 1, 2, and 6," and Debussy's "Le Plus Que Lente" and "Prelude, Book II, number 7, La Terrasse des audiences du clair du lune."

Miss Madigan, accompanied by Beverle Goheen, sophomore in music, sang Thayer's "Oh, My Laddie," Mozart's "Deh Vieni Non Tardar" from the Marriage of Figaro, Caccini's "Nini," Greene's "Sing Me to Sleep," and Hahn's "Were My Songs with Wings Provided."

Three out of four traffic accidents happen in clear weather on dry roads. Clear weather and dry roads invite more driving and faster driving—and 75 per cent of the accidents.

CLASSIFIED

Place your ad at the Student Union, main desk or at the Shack, in person or phone ext. 219, between 2 and 4 p.m. Monday-Friday.

Rates: First insertion 4c a word; subsequent insertions, 2c per word.
