### Campus Cop Returns

Jens Jensen, campus policeman for the last five years, retired after spring term—but he was hired again and is back on the job.

Jensen had reached the age of 60, the automatic retirement age for civil service police, but no men with the qualifications and experience necessary for the job could be found, so authorities asked Jensen to resume his duties.

Jensen isn't sure how long he knows that it will be for at least one year. He said he likes the job, but he has a lot of things he would like to fix up around home.

Jensen worked many years as a railroad policeman before coming to Oregon.

### Sabine Wins Honor

Gordon Sabine, dean of the School of Journalism, has been appointed as a representative on the American Council for Education in Journalism, the top accrediting group in the nation in journalism.

Nine educators and a like number of members from journalism professions are included in the council, which determines the accreditation of journalism schools of the country.
