Car Parade Starts Rally In Portland

A giant car parade will kick-off student activity in Portland for Saturday's game with Stanford, according to Cy Newman, yell king. The parade will form at noon Saturday in Holiday Park and be led through Portland to the stadium by the rally squad.

Rally Thursday

Thursday beginning at 6:30 p.m., a rally will be held in front of the Student Union fishbowl to introduce Oregon's new football

University of Oregon women will be allowed to leave the campus this weekend without counting it as one of their three weekends away from the campus for the term. Closing hours are 10:30 p.m. Sunday.

coach, Len Casanova. Members of last year's rally squad, Janet Shaw, Carol Lec Tate, Shirley Bonner, Nancy Miller, Ron Symons, and Arne Simonson, with the new yell king, Cy Newman, will lead the yells and songs. They will also perform at the game.

According to Cy Newman, yell king and evidently in charge of arranging weather for football games, said it will be "beautiful" in Portland Saturday.

The pessimistic weather bureau reported, however, that it will be "cloudy in the morning, possibly clearing by afternoon with no precipitation expected."

Gates Open at 11

The gates for the game at Multnomah stadium will open at 11 a.m. Saturday. Students are to enter gate B on S.W. 18th between Morrison and Salmon and sit in the bleachers on the west side of the field.

Athletic activity cards must be presented at the gate for admission. These will be available beginning today at 10 a.m. in McArthur Court, Thursday, and until 6 p.m. on Friday. Saturday, the cards will be issued at the stadium office on S.W. Morrison between 10 a.m. and 12 noon, Howard Lemons, athletic business manager announced.

Those students who are not able to complete registration by Saturday, a step necessary to obtain the athletic cards, and who intend to complete registration may get a statement from the registrar's office to admit them to the game. This statement should be turned in at the gate.

High School Bands to Play

Portland high school bands from Benson and Cleveland will play at the game. They will sit in the north and south bleachers.

Prior to the game Saturday morning in Portland, members of Phi Theta Upsilon and Kwama, junior and sophomore women's honoraries, will pass out pom-poms

Oregana Price Hiked to \$6.75

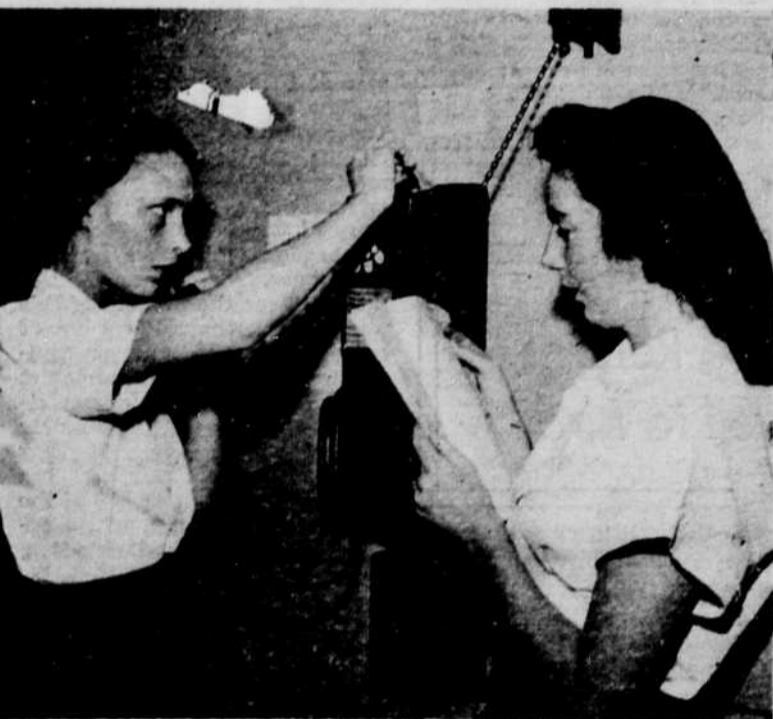

The price of the 1951-52 Oregana will be \$6.75, Business Manager Jody Greer announced Tuesday.

The rise in price over last year's cost of \$6 was explained by Miss Greer as an effort to equalize production costs and receipts. Money received from sales for the 1950-51 yearbook was not sufficient to cover expenses, she said.

Students may purchase Oregana as a part of the regular registration procedure and the amount paid will be included in the fee assessment. Yearbook buyers may pay the full purchase price when they register or may make a down payment of \$3.75 and pay the balance later in the school year.

Starting lineups and pre-game story appear on sports page 4.

UO's Pay-as-you-phone Plan

TWO CARSON HALL freshman girls try out the new pay phones recently installed in all living organizations. Patsy Marion, left, drops a nickle in while Pat Ellsworth looks up a number.

Pay Telephones Installed This Fall In All Campus Living Organizations

A new feature in the dormitories, co-ops, sororities, and fraternities this fall will be the pay telephones for student use.

The pay telephones are to be used by students for their personal calls, with the non-pay telephones in the living organizations being reserved for business calls only. These calls will include transactions such as those carried out by the presidents and house managers of the organizations.

The change is in line with a ruling made by the Public Utilities Commission in Oregon which requires pay telephones in any public buildings where the probable users number more than half dozen persons per instrument. This is known as the telephone tariff.

The only reason the pay telephones have not been installed sooner was lack of necessary facilities, such as coin lines and cables, Louis Eade, manager of the Eugene Telephone Company, has stated.

KWAX to Broadcast Tentatively Oct. 1

KWAX, the University FM radio station, is tentatively scheduled to begin broadcasting Oct. 1 from its third floor Villard studios, according to Jim Blue, chief announcer.

Although actual broadcasting will not commence until Oct. 1, much work is to be done right now in preparation, Blue said. Students are being recruited for various jobs.

Male students interested in announcing may contact Blue at 4-8381 to make appointments for auditions.

Other departments of the station needing workers are continuity, which includes writing scripts, spot announcements, and commercials; business, which will want typists; publicity, which involves contacting school clubs and other organizations for promotion; and technical, which is seeking technicians who hold third class radio-telephone degrees.

Duckling Picnic Scheduled Tonight; ASUO Assembly Follows at 7:30

The Duckling picnic for all new students will be held at 5:30 p.m. this evening on lower Howe Field. Campus clothes will be in order. Phi Theta Upsilon, junior women's honorary, and Skull and Dagger, sophomore men's honorary will serve.

Dick McLoughlin will be master of ceremonies for the program, which will include the Delt Trio, Marilyn Patterson with an imitation of Beatrice Kay, and Alan Barzman, comedian.

Following the picnic an ASUO assembly will be held, at 7:30 p.m. Bill Carey, ASUO president, will be master of ceremonies. Various activity leaders on the campus will be introduced. Merv Hampton will speak on the Constitutional form of student government.

Following the assembly there will be dormitory meetings and Druids, junior men's honorary, and members of the senate will be present to answer any questions any students may have.

Thursday afternoon open house will be held by the Emerald, YMCA and the Student Union committees.

A rally for the Oregon-Stanford game will be at 6:30 p.m. Thursday outside the fishbowl of the SU.

Thursday evening from 9 to 12 p.m. the annual Hello Dance will

be held for everyone on the campus. This is a "no-date" dance, and closing hours will be extended until 12:30 p.m.

The freshmen orientation committee, under the general chairmanship of Jean Gould, has been in charge of this week's freshmen program. Other chairmen are: Nancy Allison, women's chairman; John Akers, men's chairman; Joan Renner, public relations chairman; Betty Moshofsky, evaluation chairman; and Ancy Vincent, Eugene chairman.

Phi Theta Upsilon members are in charge of information booths set up on the campus.

Athletic Cards May Be Obtained At Portland Game

Tardy Ducks will be given another chance to get their athletic cards the morning of the Stanford game in Portland, the Athletic office revealed today.

Regular issuance of athletic Wednesday, September 19 and continue through 6 p.m. Friday, Sept. 21. But cards may also be picked up at gate 19 at the Multnomah stadium between 10 a.m. and noon on Saturday, the office said.

Athletic cards will allow holders to see all home games this fall and the two Portland contests, Stanford, Sept. 22 and Washington, Oct. 13.

Tickets for the Stanford game at \$3.60 each are also available at the athletic office at present. A fair number are still on hand for the east side and in the end zone on the west side of the stadium, the athletic office said Tuesday.

General admission tickets for the game will go on sale at the stadium Saturday morning.

Old Student Registration Begins

Registration material for old students will be available Wednesday beginning at 8 a.m. in the Student Union.

The procedure for registration will be similar to last year's program, according to Clifford L. Constance, registrar.

After obtaining registration material, lower division students will receive adviser assignments from the chairman of lower division advisers, Varlyle Moore, in Fenton Hall. Upper division students will go directly to deans and department heads.

Study programs are then to be built with adviser approval and

students will enroll for classes with the various departments, check with the student affairs office, and obtain and pay fee assessments.

Several different forms are included in this year's material, Constance said, one being a statistics card for the filing of majors and home towns. Also the filling out of cards for the news bureau, student directory, Dads and Moms Clubs, and campus religious organizations and churches will be speeded up by the use of carbons. This last addition is an experiment to save time and will only be successful if used carefully, Constance cautioned.

Dr. Wright Returns to Campus After One-year Tour of France

Popularity of General Eisenhower and problems of Europe were aired Monday morning to an Emerald reporter by Dr. Gordon Wright, acting head of the history department, who returned Sunday from a year's sabbatical leave which took him to France.

Eisenhower, Wright said, has possibly prestige in Europe today than any other living man. Many Europeans are, in fact, quite desirably more prestige in Europe today than any other living man. Many Europeans are, in fact, quite disturbed by the possibility that he may return to the United States to become president in 1952.

Ike, Wright related, is a skilled soldier and statesman, always knowing just what to say and never saying too much. Eisenhower's political advisor confided to Wright that Ike is so expert in this line he (the advisor) has very little to do.

German rearmament, according to Wright, must be looked at from two sides. If war is imminent

DR. GORDON WRIGHT

then Germany must be given an army, but many are willing to gamble that war will not come for at least several years. This is the general European opinion and goes along with the belief that more money should be spent in the economy today and less on the military, Wright said.

Wright left Oregon in 1950, spending a summer at UCLA and the succeeding fall at Princeton at the Institute for advanced study. Receiving a fellowship from a research group to study the French peasant, he left for France in December.

Wright selected several provincial areas in France for his study. He roamed through the countryside while his family wintered in the south, and then he went to Paris during the spring and summer.

Recovery of Europe from World War II, Wright reports is generally steady and remarkably rapid. Though Marshall plan money may not have always been spent wisely,
