

IFC Hears Rush Code Violations

The Interfraternity Council discussed reports of violations of the freshman rushing code at its meeting Wednesday evening in the Student Union.

The council voted to place three cases before the tribunal, which will meet at 4 p.m. today. The tribunal will decide whether members from Phi Gamma Delta, Pi Kappa Phi, and Lambda Chi Alpha fraternities have violated the rushing code.

Penalty for illegal rushing is a fine of \$50 for each freshman involved, levied on the house involved; the freshman concerned is banned from pledging the fraternity which rushed him for one year.

The three house presidents denied any knowledge of rushing violations by their houses.

Warnings were given the house presidents by Ray Hawk, director of men's affairs and faculty advisor to the IFC, to make sure that all fraternity members were completely familiar with the rushing

U.S. Marine Band To Present Concert

The United States Marine Band, the oldest military symphonic musical organization in the country, will present at concert at 8 p.m. in McArthur Court.

The Marine Band is appearing in Eugene through the co-sponsorship of the Student Union Board and 75th anniversary committee.

Conducted by Major William F. Santelmann, the band is known to millions of Americans through its coast-to-coast radio broadcasts over two networks. The band has recently completed a series of network television programs marking the second time in two years that it has been featured on video.

The band's appearance in Eugene is part of its Presidentially approved tour of 20 states. The tour will carry the band 10,000 miles through the eastern, midwestern and far western sections of the country.

It is one of the nation's firsts. It was the first official band to represent the U. S. Military Service; first to receive Congressional recognition; first military symphonic musical organization in the country, preceding even the New York Philharmonic; the first band to broadcast over radio; and the first military band to be presented in a series of concerts on television.

Familiarly known as "The President's Own," the Marine Band has played for every inauguration since Thomas Jefferson's. Founded in 1798 by an Act of Congress, the band is now in its 153rd year and plays for all official functions in the nation's capital.

SU Board Needs Two Members

Two Student Union Board positions are vacant, Ralph Hillier, SU Board chairman, announced at the board meeting Wednesday afternoon.

Positions are open for a senior in the school of Journalism and a junior in the School of Health and Physical Education. The journalism student vacancy resulted when Lorna Larson, Emerald editor, became an ex-officio member of the ASUO cabinet. The Student Union Board perpetuation plan does not allow any member of the cabinet or senate to serve on the board.

Interviews of petitioners for the vacant positions will be held by a joint committee chosen from the board and the senate. The committee is headed by Paul S. Dull, professor of political science. Deadline for positions has not been set.

Six of the students who will act as "skeleton" members of the personnel committee, which interviews and selects members of the 11 SU standing committees were chosen by the board. Additional members of the committee will be picked from petitions, which may be turned in to Dan Zavim by 5 p. m. Friday.

The six chosen are Sunny Allen, Merle Davis, Patricia Blemar, Tom Shepherd, Sharon Anderson, and Dolores Parrish.

Clyde Fahlman, SU directorate chairman, urged more freshmen to petition for Student Union committees. He said that those who were too busy registering last week to petition should do so now.

Secretary Positions Open on SU Board

Petitions for secretaries of the Student Union Board directorate and the SU Board chairman are due at 5 p.m. Friday in room 301 of the SU, the office of the program director Olga Yevitch.

Petition forms are available in Miss Yevitch's office.

Prerequisite for the SU Board directorate secretary is one year of work in SU activity. Taking minutes for directorate meetings and making duplicate copies of all committee meetings aside from the general directorate meetings are her duties.

Petitions for the SU Board chairman secretary should have general secretarial experience. Interviews will be arranged later with SU board chairman, Ralph Hillier.

U O Plans For Campus Blood Drive Underway

Plans for the October campus blood drive are now underway with subscription cards and releases for minors being sent to all living organizations.

A Red Cross mobile unit will visit the Student Union building on October 10 and 11 and will collect the blood between 11 a.m. and 3 p.m. on those dates.

The need for more supplies of blood plasma was recently realized when it was disclosed that American troops in Korea had only a seven-day supply on hand at that time.

The blood is needed for wounded or injured combatants. When a man is wounded, natural blood plasma and cells escape around the wound into the tissues, reduc-

ing the amount of blood returned to the heart and distributed to the system.

Oxygen supply to the tissue falls off, shock sets in, and the brain and other vital organs are affected.

If lost blood can be replaced quickly, the oxygen deficiency is corrected and the shock cycle prevented. The best treatment is whole blood, but it can be preserved for only 21 days.

Next best is plasma, which can be dried into powder and stored for five years without refrigeration.

Plasma need only be mixed with sterile water for immediate use. Natural plasma is 92 per cent water, and does not have to be matched to the blood type of a wounded man.
