

# HELP!

## This boy's in danger

Last year 120,000 school-age children were injured or killed in traffic accidents. Many of these accidents could have been prevented if the drivers had learned to regard all youngsters as *human caution signs*.

Remember this whenever you drive near a school or playground. Slow down so you can stop in an instant. You never know when a child may decide to dash out from between parked cars.

**Be careful—the child you save may be your own!**

## IFC Hears Rush Code Violations

(Continued from page one)

A new edition of the IFC constitution can be picked up at Emerald hall by fraternity representatives sometime Wednesday.

### Frosh Can Be Rushed

Rushing of non-freshmen men is permissible at this time, it was emphasized by Dick McLaughlin, IFC president. Fraternities can board any new non-freshman provided his name is filed with the Office of Student Affairs within two days in order to make him available to other houses.

He must be pledged within two weeks, and can be pledged only

after a statement is presented, signed by presidents of three other houses, stating that the rushee has been available to them for rushing. If not pledged within the two-week period, the boarder must leave the house. A fine of \$30 will be levied if the rushee remains beyond the stated time.

IFC representatives will meet soon with dormitory counselors to discuss fully rushing rules. They will also have a general discussion meeting with freshmen next Monday.

An organized tour of all fraternity houses by freshmen will be held at 3 p.m. Sunday.
