

Smith Resigns Post; Precedent Set

By Jim Haycox

Oregon's great experiment, the ASUO senate, was off to the races Wednesday night with one resignation and a precedent being set.

Jack Smith Resigns

Jack Smith, senior USA representative, handed in his resignation to become athletic chairman on the cabinet following a debate on whether or not senate members should also serve on the president's cabinet. The vote was 15-6 against members holding posts in both groups at the same time.

Thus the precedent of separation of powers has been set.

Other business handled in the 2

hour and 50 minute meeting included: Election of senate officers a report on the summer picnic at Jantzen Beach, discussion of membership in the National Student association, decisions on chest x-ray and Homecoming chairmen, and ratification of committee and cabinet members appointed by Bill Carey, ASUO president, and President Newburn.

Cabinet Members Named

Cabinet members approved by the senate, in addition to Smith, are Karla Van Loan, social chairman, and Stewart McCollom, public relations chairman. Both sat in on the meeting.

Richard Kading was approved as student representative on the Military Education committee. Ralph Hillier, Nancy Allison, Barbara Williams and Bill Carey were approved as members of the Student Affairs committee.

Others Approved

Tom Barry, Helen Jackson and Ronnie Lowell became official members of the Student Discipline committee. Lorna Larson, Bob Funk, Abbott Paine, Chuck Issac, Jackie Pritzen, Bill Frye and Roger Nudd were okayed as Publications Board members.

Members approved for the constitutional committee include Ken-

neth J. O'Connell, professor of law, Warren C. Price, associate professor of journalism, Paul R. Washke, professor of physical education, and students Julian Holtgren and Jack Hutchins.

Four of Five Okayed

Four of five appointees to the Student court, replacing last year's traffic court, were accepted. The fifth, Joyce Rathbun, was rejected. The four are Henry Adams, chairman, who served last year, Fred Risser, also a former member, Ronnie Lowell and John Beal. Carey will recommend a fifth next week.

The NSA question stirred up a lively debate centered around why Oregon didn't joint after the Executive Council had voted to do so last spring.

Carey explained that a check of the budget proved there was not enough money to send the four delegates. They were Carey, Merv

Hampton, Nancy Allison and Lorna Larson. Virginia Wright, who was to be first alternate delegate to the convention, told of mixups in letters between the delegates.

No Money Paid

As it stands today, Oregon has applied for membership but has not paid in any money. Carey requested the senate to study the matter, using material he has gathered during the summer. The question will be brought up again at the next meeting.

Attending the senate meeting were two faculty voting members appointed by President Newburn. They are E. G. Ebbighausen, associate professor of physics, and E. R. Bingham, instructor in history.

Also considered was the appointment of a rotating Screening and Interview committee from senate members to handle petitions to the

OREGON'S 75th YEAR

Fifty-third Year of Publication

VOLUME LIII UNIVERSITY OF OREGON, EUGENE, FRIDAY, SEPTEMBER 28, 1951 NUMBER 7

Men Tour Women's Houses In Tonight's Bunion Derby

At the stroke of seven this evening, Oregon men will wend their way to women's houses to meet the ladies in that 10 minute marathon of personality and perseverance—the Bunion Derby.

The annual AWS sponsored event is scheduled to begin at 7 p.m. and continue until 11 p.m. Members of men's living organizations are to visit each women's houses according to a set schedule printed below for six minutes of dancing which will cost them a nickel.

Frosh to Get Acquainted

The object of the derby is to introduce the freshman to the upperclassman, Andy Friedle, general chairman for the event, announced, and freshman are especially urged to take part in the derby. This is contrary to a rumor that only upperclassmen were to take part, Miss Friedle said.

A record album will be given to the women's organization registering the most visitors and to the

A list of the Bunion Derby house pairings appears on page 5.

men's organization with the greatest participation. To qualify for the prize, the men must follow the route as printed below.

Rules Explained

Each women's living organization will keep a tally sheet on which to mark off each men's organization as it arrives and the number of men represented. They will also collect the nickels at the same time which will entitle the men to dance with anyone for the six minutes they are allowed to remain.

Mary Gillham, collection chairman, and Miss Friedle will collect the tally sheets and the money at 9 a.m. Saturday morning. They requested that the organizations have this material ready for them.

Instructions For Men

The men are to start at the organization they are paired with below and move down the list. When they reach the bottom of the schedule, they are to start at the top and work down to the house just above the one where they started. Miss Friedle cautioned that they were to stay no longer than the allotted six minutes at any one place. Four minutes is allowed to move from house to house.

One addition to the route list as published in Thursday's Emerald has been made by derby committee members. Alpha Omicron Pi will be paired with Delta Upsilon.

FRESHMAN ANN STINER and sophomore Clark Miller give a preview of tonight's Bunion Derby.

75th YEAR FESTIVITIES OPEN NOV. 1

The 75th anniversary celebration of the University of Oregon will officially begin at a noon luncheon on Nov. 1, Mr. Lyle Nelson, public relations head, announced yesterday. The luncheon will inaugurate a weekend of activities including dinners, convocations and musical events with many distinguished university friends and alumni scheduled to participate.

Following the opening luncheon for out of town guests, the delegates will participate in an inspection tour of building and facilities of the university in the area of their interests.

Professor George Hopkins, a university alumna and faculty member, will play a piano concerto in connection with the university symphony orchestra and choral union concert to be presented

Thursday evening, Nov. 1.

Governors of Oregon and Idaho, as well as representatives of private institutions will participate in an educational symposium scheduled for Friday morning, Nov. 2. The assembly will discuss the financing of higher education in the Pacific Northwest.

President James B. Conant of Harvard University will be the main speaker at the official anniversary convocation set for Friday, Nov. 2, at 2 p.m. Friday afternoon classes will be dismissed to enable students to attend the convocation.

Dr. Clarence Faust of the Ford Foundation will deliver the principal address at the official anniversary banquet set for Friday evening. All delegates and official guests will attend.

Occupant Shortage Forces Move From Upper Floors of Vets' Dorms

Because less than half the total capacity of Vet's Dorm No. 1 is living in that upperclass men's dormitory, all men with rooms on the second floor are being moved to rooms on the first floor. The moving, which began Wednesday noon, will be completed by noon today, according to Cy Ellingson, counselor for men.

With only 140-50 men scattered throughout the dormitory on both floors of a unit which can hold 375 men, maintenance work which a full capacity would necessitate was required, yet less than half the capacity was actually living in the dorm, Ellingson explained. He said it was impossible for the University to meet the cost of that amount of maintenance for the comparatively small number of residents.

Men Cooperate

Dissatisfaction among students was not a great problem, Ellingson said. Some men did not want to give up rooms which they had adapted to their own wishes, but the best was done for them that was possible, he stated.

Though many men are being moved into halls other than the ones they were living in, all hall organizations will remain intact. Thus, a student may have been moved from upper Minturn Hall to a room in lower Merrick Hall, but he still would belong to the Minturn Hall organization.

Changes Explained

Students from upper Stan Ray Hall went into lower Stan Ray and overflowed into lower Stitzer; men from upper Merrick entered lower Merrick and also overflowed into Stitzer. Stitzer Hall was occupied by members of the football team until last Friday.

Merrick and Stan Ray will have separate governmental organizations, but will be one unit for social and intramural purposes.

Counselors for Vet's Dorm No. 1 are Dick Unis, Minturn; Harry Bidlake, McChesney; and Bruce Anawalt, Merrick and Stan Ray.

Council Decides Greeks Innocent Of Rush Violations

Charges that members from Pi Kappa Phi, Lambda Chi Alpha, and Phi Gamma Delta fraternities had violated the freshman rushing code were without basis in fact, it was decided by the Interfraternity Council tribunal Thursday afternoon.

Reports of possible violations were brought to the IFC meeting Wednesday evening, but upon full investigation the reports were found to be cases of mistaken assumptions on the part of the informants.

Meetings between IFC representatives and freshman will be held Monday night to fully discuss all regulations governing rushing.

"We believe that these orientation meetings will do much to prevent any future mistakes such as have occurred," said Bob Christ, alumni advisor to the IFC.

Selective Service Schedules Another Deferment Test

A second series of draft deferment tests will be given for college men who missed the examinations held last spring and summer, it has been announced by the selective service.

The tests will be held at 1,000 stations on Dec. 13 of this year and April 14, 1952.

The University of Oregon served as one of the test sites in the first examinations.

Freshman Men To Tour Fraternities

University freshman men will have their sole opportunity during fall term to visit Oregon fraternity houses when the Interfraternity Council sponsors a Sunday tour of 21 Greek organizations.

Freshmen will visit fraternities from 3 p.m. to 8 p.m. Sunday for a glimpse into the physical properties of the campus social groups.

Guides Listed

Members of Skull and Dagger and Alpha Phi Omega will act as guides for the nine groups of first-year men. These groups are Sederstrom first-floor, Sederstrom second-floor, Nestor first-floor, Nestor second-floor, French first-floor, French second-floor, Cherney first-floor, Cherney second-floor and Hunter, which will travel in one group.

Off-campus freshman men assigned to any one of these units are urged to contact their floor counselors if they wish to attend tour, which will leave the various halls at 2:45 p.m. in order to reach the first house by 3:00 p.m.

Time Limit Set

A limit of 15 minutes has been allowed for each fraternity, including travel time from one house to another. A chartered bus will transport the groups from Pi Kappa Phi to Alpha Tau Omega, the two ends of the tour.

The fraternities will be visited in the following order: Alpha Tau Omega, Delta Tau Delta, Theta Chi, Tau Kappa Epsilon, Sigma Alpha Mu, Phi Kappa Sigma, Phi Delta Theta, Pi Kappa Alpha, Sigma Alpha Epsilon, Phi Gamma Delta, Sigma Chi, Delta Upsilon, Lambda Chi Alpha, Beta Theta Pi,
