Amphibians Slate Tryouts Tuesday

Final tryouts for Amphibians, women's swimming honorary, will be held Tuesday at 4 p.m. in the Gerlinger swimming pool. The swimming honorary's principal activity of the year is a water ballet, generally given during spring term.

Selling of Beer At Taylor's, Side To End Jan. 1

No more beer after Jan. 1—at least not close at hand.

A State Liquor Control Commission restriction prohibits the selling of beer in an area between 21st st. and the Willamette river, and Patterson and Moss sts. This affects Taylor's and College Side Inn.

At the present time both places are selling beer, but under definite rules and restrictions. During the school week, Monday through Friday, beer cannot be sold until after 4 p.m. And, on the days when there is a game at home, it cannot be sold until after the game is over.

Imposed in November

These restrictions were imposed after the State Liquor Control Commission's hearing in November. At that time it was shown that both places had been guilty of permitting minors to drink beer on the premises.

The owners of the establishments have been making plans for something to replace the beer sales after their licenses expire. And now they are ready to put it into effect.

More Food

John E. Alpine, owner of the Side, has decided to concentrate more on food and less on beverages in the future. The Side inaugurated the serving of luncheons and dinners last week. For the length of time the new program has been in effect, "the response has been very good," Alpine said.

Taylor's cafe won't change much, Rod Taylor, owner, reported Sunday. He said that a new place would be opened, called Taylor's Tavern. It was formerly the Golden Nugget, located in the Glenwood district between Eugene and Springfield. The owners haven't decided the fate of the old place, except that it will stay open. It may be leased or sold, however.

These new places won't replace the loss of beer sales the owners disclosed, but the traditional college hang-outs will still be around.

150 Attend First Co-Rec Night Event

Approximately 150 persons attended the first Women's Recreation-sponsored Co-Rec night Friday according to Belle Doris Russell, co-chairman of the event.

"We hope for many more at the next Co-Rec night in two weeks," Miss Russell said.

Square dancing, swimming, shuffle board, ping pong, volley ball, and badminton were offered at the evening recreation program.

Winning Designs Now on Display

Twenty-three winning designs for garden apartments are now on display in the exhibition room, 204, of the School of Architecture and Allied Arts.

The design, created by architects and senior students from all over the United States, were submitted in competition for \$5000 in prizes offered by the National Lumber Manufacturers association.

The exhibit will be on display until Friday.

New Draft Test Dates Scheduled

The new series of Selective Service College Qualification tests recently announced will be given on Thursday, Dec. 13, 1951, and on Thursday, Apr. 24, 1952, at more than 1,000 different centers throughout the United States and its territories.

The tests are used by local draft boards as guidance in considering college students for deferments.

Applications are now available at the local draft board located in the Eugene Armory.

As in previous tests, students must receive a score of 70 out of a possible 150 to pass. Students may also be deferred on the basis of satisfactory rank in class, (upper half of the freshman class, upper two thirds of the sophomore class, upper three-fourths of the junior class).

Seniors accepted for admission to a graduate school satisfy the criteria if they stand in the upper half of their class, or make a score of 75 or better on the test.

Students already enrolled in graduate schools may be deferred so long as they remain in good standing.

It is not mandatory for local boards to follow the criteria.

To be eligible to apply for the test, a student: (1) must intend to request deferment as a student; (2) must be satisfactorily pursuing a full-time college course; (3) must not previously have taken a Selective Service College Qualification test.

Application blanks for the Dec. 13, 1951, test must be postmarked not later than midnight, Monday, Nov. 5, 1951. Applications for the Apr. 24, 1952, test must be postmarked not later than midnight, Mar. 10, 1952.

Vets' Bonus Bill Blanks Available

Veterans registered in the university may obtain their Oregon bonus applications at the office of Ray Hawk, director of men's affairs.

To be eligible to apply for the bonus, one must be a veteran of World War II and a resident of the State of Oregon for at least one year immediately preceding induction, Hawk said. The law, which was passed during the last session of the State legislature, will pay up to \$600 to veterans qualifying for the bonus.

Applications for the aid must be postmarked not later than Dec. 1, 1952, although actual payment of the compensation may be delayed until the federal government's credit restraint regulations on the sale of bonus bond issues are relaxed.

The legislature planned on paying part of the bonus checks by issuing a bond issue. However, the federal government's restraint on the sale of such issues on the grounds that it would further inflation, kept any bids from being made on the first issue which was offered last week. A second issue is to be up for bids in a week or so.

Gov. Douglas McKay was in Washington, D. C., Friday to confer with Defense Mobilizer Charles E. Wilson on the situation. Possibly the government would relax its restraint in this case. The decision is to be made within a week.

If the government decides not to relax its restrictions, the bonds might be bought in Oregon with money now in trust funds. Some state officials doubted whether or not this could be done, as the funds are invested at higher interest rates.
