

Tests Planned By Civil Service

The Oregon State Civil Service Commission has announced that examinations will be held approximately once each month in Corvallis and Eugene for the position of Clerk I in those cities.

Applicants must be high school graduates (clerical experience may be substituted year for year for high school education), United States citizens, and residents of Oregon.

Application blanks may be obtained from the offices of the Civil Service Commission in Salem (102 Public Service Building) or Portland (614 Mead Building), or in any local office of the Oregon State Employment Service.

The Clerk I position involves routine clerical work which may include filing, maintaining records, acting as receptionist, proof-reading, sorting and posting materials, or operating simple office machines.

Appointments normally will be made at the minimum salary range, \$163 per month. Upon satisfactory completion of a six-month working period, the new employe usually is advanced to the second step of the salary range—\$170. The maximum salary for Clerk I employes is \$201.

Sophomore Whiskerino—Oct. 27

Korean Vets Get Service Benefits

Oregon servicemen who have been in service since June 25, 1950, and have had some service in Korea will receive benefits from the Oregon department of veterans' affairs, according to the veterans' department in Emerald hall.

Until recently only veterans of World War II received benefits from the state department, but now Korean veterans will have an opportunity for benefits.

Veterans wishing additional information on applications may obtain information from the veterans' department in Emerald hall.

These state benefits are offered to veterans who want to continue their studies, now that the federal GI program has expired for most of them.

Job Tests Announced

Following the junior professional and junior management examinations to be given Nov. 13 an additional examination will be given for students wishing positions in the Northwest, it has been announced.

The first examination is for students wishing placement in the East but students wishing Northwest positions are urged to take the Nov. 13 examinations so that they will have experience in taking the test, Karl W. Onthank, scholarship chairman, said.

Meet Slated Saturday For Foreign Students

Foreign students in Oregon colleges and universities will meet on the Reed college campus Saturday in a "Student's United Nations."

The all-day meeting is sponsored by the Portland branch of the American Association of University Women. It is expected to draw students from Germany, China, Greece, Austria, Jamaica, Nigeria, Indochina, and other foreign students attending college in Oregon.

Air Force Plans ROTC Activation

The air force has announced that it will call to duty this winter approximately 1100 college students in ROTC.

The announcement will affect only college students who receive their degrees and complete their ROTC training between Jan. 1 and Mar. 23, 1952. They will be ordered to duty within 90 days after graduation.

The air force said requirements for spring, 1952, graduates are now being determined and the program will be announced at least four months before graduation.

Col. E. L. Bruns, head of Oregon's ROTC detachment, said the air force announcement will not affect any Oregon ROTC students.

"The Star-Spangled Banner" was designated as the national anthem by act of Congress in 1931.

University Parking

(Continued from page one)

the Fiji lot at 14th and Kincaid, the lot across from the University Theater, the lot in front of Susan Campbell hall, the lot south of the Student Union and the lot behind the school of education. Classed as minor lots accommodating 225 cars are lots behind the music school, at the warehouse and around the Vets dorms.

Of course there is less street space for parking this year since 18 meters were installed next to Emerald hall and across from the Student Union. However, the area in front of Emerald hall was not open to parking at all last year.

But when it comes right down to the facts, why is there so much trouble about parking this year, anyway? Lyle Nelson, director of public services, said, "Students are definitely better off this year, since science building workers since there are no faculty restrictions." Fred Risser, member of the student court said, "the parking problem isn't nearly as bad have finally vacated Friendly lot, and the Fiji lot was resurfaced last summer."
