**Last Trio of Betty Coed, Joe College Finalists Interviewed**

By Donna Hart

"I like to be" called Dorothy Lee," stated the last of the Betty Coed candidates to be interviewed by the Emerald. Miss Carr is a 19-year-old sophomore from Beaverton who is majoring in liberal arts with the hopes of turning her major into math.

Miss Carr has lived in Beaverton all of her life on her father's filbert ranch. Mr. Carr also raises palaminos which Dorothy is developing an interest in. She said, however, that she must be a city girl because she can't quite get into the swing of farm life.

The 5 foot 1 inch blond candidate enjoys salmon fishing at Astoria. Swimming and golfing are listed as her favorite outdoor sports.

When asked her reaction as being selected as a finalist she said, "I was happy just being chosen to represent my house (Gamma Phi Beta). Why, I still can't believe I'm a finalist. I don't know how I did it, but I'm thrilled that I came through."

**Don Almy**

Don Almy, Theta Chi candidate from Milwaukie, Ore., has been very busy this year since his appointment as chairman of the Student Union dance committee.\*

He is also an AGS representative, rushing co-chairman for his fraternity and served on the 1950 Homecoming committee.

Almy is interested in all types of sports, of which basketball, football, and swimming rank as favorites. Scholastically his interests do not correspond with sports, however, as he is majoring in economics.

In 1949 Almy moved from Oakland, Calif., and settled in Portland. There he completed his final year of high school at Grant, and later moved to his present hometown of Milwaukie.

**Mary Louise Johnson**

From Anchorage, Alaska to Eugene, Ore., is quite a distance to come to school, but that is exactly what Mary Louise Johnson has done. She entered the University of

Oregon her freshman year because of the reports she had heard of the very good art school here. Though she is majoring in liberal arts, art is one of her main interests.

She is interested in her studies, and "taking life easy." Skiing is an activity which she could participate in often at Anchorage. She tells us that she misses the snow, but she gets to see it at Christmas when she goes home. Christmas is the only time of the year, besides summer, which affords her enough time to make the trip home. Despite the rain she "loves Oregon."

Miss Johnson is 19 years old, 5 foot 5 inches tall and weighs 118 pounds. She has blond hair and green eyes which she describes as green. Her activities include Student Union activity pool and the Sophomore "Y" commission. When informed of her selection as a Betty Coed finalist Pudge was "very happy." She added, "It's been lots of fun. Everyone has been so wonderful."
