GE to Stage 'House of Magic'

General Electric's "House of Magic" show, portraying some of the phenomena of modern developments in science, will be staged Thursday in the Student Union ballroom.

University students will have a special show at 2 p.m. that day, R. T. Ellickson, head of the physics department, said.

The show is presented on stage by General Electric performers.

The "House of Magic" is offered by the General Electric company as "proof that scientific fact can be stranger than fiction". It includes such demonstrations as beaming music across a beam of light, control of a shadow by its creator, and causing a whirling gear to appear to be standing still by means of stroboscopic light.

The show, sponsored by the department of physics and the Eugene Water and Electric board, also includes a Geiger counter demonstration, lighting an electric lamp with a match, and controlling a miniature electric train with a human voice.

KWAX to Question Homecoming Heads

Francis Gillmore, general chairman of Homecoming, and Karl Harshbarger, assistant general chairman, will be interviewed Wednesday night at 6:30 p.m. over radio station KWAX. Appearing on "The Questionnaire Panel" Miss Gillmore and Harshbarger will be questioned by Ken Warren, KWAX program director, on plans for Homecoming.

Lost Is Found—Fast

SOUTH BEND, IND.—(U.P.)—Police Capt. Charles Dutrieux gave fast service to a sad young couple who walked into the station to report the loss of a purse. An alert patrolman had turned it in a minute before.

Francis Gillmore, Homecoming Chief Outlines Plans, Hopes for 1951 Event

By Donna Hart

A young lady with one of the biggest jobs on campus these days is Francis Gillmore, 1951 Homecoming chairman. Coordinating, checking, rechecking, and keeping schedules and committees functioning smoothly are some of her duties.

Miss Gillmore, a 20-year old junior in English, graduated in 1948 from Fayetteville high school in North Carolina. Being the daughter of an Army officer poses quite a problem as to where her hometown is located. At the present time her father is in Korea and her mother is living in Washington, D.C.

A major in English and minoring in French, Miss Gillmore will be qualified to teach school upon graduation. She hopes to eventually make use of her language studies, however, in the export business. "My great desire," said the bunette Kappa Alpha Theta, "is to travel abroad."

Active for Three Years

Miss Gillmore has been active in the past three years as Kwama president, French Club president, public affairs chairman of the YWCA and Amphibians.

"Homecoming Weekend," stated the chairman, "promises, I think, to be grand fun for all who participate. The committee chairmen are doing a wonderful job, the students are cooperating cheerfully and all phases are progressing admirably."

Miss Gillmore spoke enthusiastically of the schedule for the Weekend. "The bonfire rally on Friday night starts our Homecoming activities. Much support morally and otherwise is needed to keep our OSC friends from having

the pleasure of setting off our bonfire. The freshmen are well organized and enthused and have pledged support of many sophomore men. It must be lit by our Homecoming Queen," she stressed.

'Informal Mixer-Dance'

"Following the bonfire and rally, for which the rally board is

FRANCIS GILLMORE

whispering surprise tactics, there will be an informal mixer-dance at the fishbowl in the Student Union sponsored by the SU dance committee."

"On Saturday," she continued, "there will be the noise parade, one of Homecoming Weekend's favorite traditions. Enthusiasm and spirit will keynote the noise parade... not to forget noise makers which can either be parked outside the gates or carried in to use in cheering on our fighting football team."

Mixer In SU Set For Friday Night

"Merry-Go-Round Magic" is the theme of the mixer to be held from 9 p.m. to 12 midnight Friday, in the fishbowl of the Student Union.

Campus clothes are in order for this no-date dance and music will be supplied from records. The entertainment to be provided will be announced at a later date.

"After the game," added Miss Gillmore, "much reunion will take place. The dance will be held that night, and the dance committee promises great doings, good music, and 'startling new' decorations."
