WAYNE MORSE

### Controversial Senator

for problems which in his opinion face the next Congress.

Morse has been called the deciding factor in the Senate. Results of the election show 48 Republicans and 47 Democrats will make up the Senate when it meets in January. Just with which side Morse will be aligned on various issues is not known.

Oregon's senator was one of the first to promote Eisenhower's candidacy for the Republican nomination to support the Republican party and candidates until he announced before the election that he was no longer supporting Dwight Eisenhower but was backing Adlai Stevenson.

### Oregana Payments Due

Money outstanding on payment for Oregana space, which was due Nov. 17, must be in Friday, according to Dolores Parrish, business manager. Organizations unable to meet the payment deadline should contact Miss Parrish at 5-0042 or campus extension 238.

## Events Planned For 'Civil War' This Saturday

A number of events have been scheduled in connection with the Oregon-Oregon State game in Portland this weekend beginning with a radio program Friday night, distribution of the traditional pom-poms and megaphones Saturday morning and the game activities.

Portland radio station KEX will broadcast a pre-game rally program from 6:30 to 6:55 p.m. The station has asked the rally squads from the schools to participate along with the student body presidents, Pat Dignan of Oregon and Don Van Allsburg of OSC and the sports editors of the Emerald and Barometer, Larry Lavelle and Jim Fisher. Coaching staff and alumni group representatives are also to take part, the station announced.

The station also said there will be room for 200 students from the two schools in the studio and have suggested about 100 from each school. The station is located on the corner of 13th and Main in Portland.

### Pom-pom Distribution

Pom-poms and megaphones will be given out beginning Saturday morning at 9:30 at Charles F. Berg's. Members of Kwama, sophomore women's honorary, will distribute the lemon and green rooting section essentials until game time at Multnomah stadium at 1:30.

The Oregon and Oregon State bands will provide half-time entertainment with joint marching formations.

Seniors from both teams playing their last game will be honored following the game. The winning team's band will play first following the game and the loser's band will follow with the school songs.

### Rally Squads Switch

Rally squads from the two schools will then switch sides and the two student body presidents, Dignan and Van Allsburg, will introduce the graduating seniors.

## UO Library Temperature Recorded; Students Complain of Excessive Heat

By Bob Patterson  
Emerald Reporter

Temperatures in the University of Oregon library range from a high of 87 degrees to a low of 75 degrees, an Emerald reporter with a thermometer learned last week.

Taking the library's temperature for three days in succession, your reporter came up with these temperatures:

Friday	
Section	Temperature Fahrenheit
Level 1	77
Level 2	75
Level 3	75.6
Deck 1	84
Deck 2	82.7
Deck 3	80.6
Deck 4	86
Deck 5	82.4
Basement	77

  

Saturday	
Section	Temperature Fahrenheit
Level 1	76
Level 2	78
Level 3	75.7
Deck 1	84
Deck 2	82.3
Deck 3	81
Deck 4	85
Deck 5	83.8
Basement	78

  

Sunday	
Section	Temperature Fahrenheit
Level 1	75.5
Level 2	76
Level 3	76.7
Deck 1	87
Deck 2	84
Deck 3	83.2
Deck 4	85
Deck 5	82.2
Basement	77.3

With these figures as a basis, your reporter interviewed several students about the temperature of the library. A sophomore man said "They're preparing us for the

flames already." A junior woman claimed that she went into the library with a copy of "The Grapes of Wrath" and came out with a "handful of raisins."

### Other Opinions

However, other students interviewed viewed the question with more seriousness and thought that something should be done about it, but just what they didn't know. A freshman girl believed that the "lib" was "too hot for comfortable studying." A senior said that he felt that the levels were not too bad but that the stack decks were "unbearable."

Interviewing R. W. Cryder, library administration assistant, your reporter learned the reason for the heat. "The library has a centralized heating system. It is practically impossible to control the amount of heat passing

through the pipes with any degree of success."

"The old building and the decks have no air conditioning system. Then too, with cold weather outside, students entering the building notice the heat more," Cryder stated.

Cryder advised students who find the library too hot to tell the department librarian. She will then call the physical plant and they will turn the heat down, he stated.
