SU Board Dissolves Old Policies; Rulings Applied to Trophies, Forum

Three obsolete policies were dissolved by the Student Union board Wednesday and two new policies adopted to make clear policies needing restatement.

Dissolved were the policy governing the embossograph, which is now handled by the SU administration because there was not enough call for the service last year; the statement governing townspeople participation in union activities, which the board felt had no application to present problems or needs; policy governing the loan of records from the record lending room as there is no set up for lending records at the present time.

Events Planned

(Continued from page one) Oregon's rally squad will lead the OSC section in calling out the names of the OSC players as they are introduced; OSC's yell squad will do the same for Oregon.

Plans had also been made for the letterman's club from the two schools to guard the goal posts following the game. Dignan said Wednesday. Order of O President Jim Livesay could not be reached Wednesday night to confirm the plan.

Stay Off Field

A special request from Multnomah stadium officials asking that students stay off the playing field following the game has been made. A telegram to Athletic Director Leo Harris said this cooperation was needed to help the stadium prepare for the high school championship semi-final game between Jefferson and Central Catholic to be played on the field Saturday night.

Campus clothes will be in order for the game. Campus Social Chairman Elaine Hartung has announced, and for the various luncheons between Oregon and OSC living organizations scheduled to precede the game.

The joint hands-off policy between the two schools in regards to vandalism on the two campuses will be extended to Portland, it was announced earlier in the month by the two offices of student affairs. The agreement, made each year before the annual game, stated that students apprehended in activities resulting in property damage will be liable for the cost of repairing the damage and will be suspended.

URC to Present Assembly Program

"Thank We All," a dramatic program presenting Thanksgiving from the pilgrims to 1952, will be presented by the University Religious council during the Tuesday assembly hour next week in the Student Union ballroom.

Pledges are being notified this week, and will attend the meeting next Monday night at 9 p.m. Selection of membership is based upon outstanding work in radio.

The new pledges, who will be initiated at the end of this term, will participate in KRO's annual Christmas show, "Uncle Charlie". This program originates on KWAX, is taped and sent to all radio stations in Oregon.

Last year's outstanding achievement awards, presented at the KRO banquet spring term, will be

Policy Statement

The new policy dealing with the University social rulings reads: "The Student Union board program operates within the framework of the rules, regulations and procedures of the student affairs committee."

New policy concerning the four SU challenge trophies extends the time the trophies may be kept by the living organizations to the end of the term following the term when the trophy was awarded.

The executive committee was given the authority to delegate a chairman of any special event in the program. Special events now planned are bridge tournaments and bowling tournaments. This action was taken by the board because the area usually handling special events, the recreation committee, was dissolved earlier this term.

Anthology to Publish Two Students' Poems

Poems written by two speech majors will be published this year in the Annual Anthology of College Poetry, according to an acceptance slip received Wednesday.

"Poem" by Karl Harshbarger, a junior from North Liberty, Iowa, and "Vignette in Surrealism" by Joseph Wolvek, a graduate student from Brooklyn, N.Y., were the two accepted by the National Poetry association.

"The Anthology," wrote Dennis Hartman, secretary, "is a compilation of the finest poetry written by college men and women of America." It represents every section of the country, and selections were made from thousands of poems submitted, he said.

(P)—Pres. Harry Truman told Congress Tuesday that American arms shipments to Western Europe slumped "considerably behind" schedule in the first six months of the year. But, he said, "real progress was made in strengthening the free world."
