## Husky Center, Krueger, Noe Pace Scorers

Washington's Bob Houbregs, sensational hook shot artist, leads Northern division scoring with nearly twice as many points as his nearest competitor, Hartly Krueger of Idaho. Houbregs has scored 227 points in Washington's first eight conference games for an average of 28.4 points per game to Krueger's 115 in seven games, an average of 16.4.

### Noe Second

Actually, Oregon's Chester Noe has the second highest average, 17.3, but since Oregon has only played six games his total points rate only third on the list. Kenny Wegner, Webfoot guard, has scored an even 90 counters, rating number five on the points list.

Washington, who has played one more game than any other conference team, have all five first stringers in the top 20 scorers. WSC, Idaho, and Oregon each placed four on the list, and OSC filled out the top 20 with three men.

Other than Noe and Wegner, Oregon's Barney Holland and Ed Halberg, also appear in the top 20, Holland being number nine, and Halberg, number 11.
