

Radio Review

Ex-Veep Barkley Going on Air

by Don Collin

With the new administration (characterized as the "Big Deal" by the disgruntled) bringing in new faces, there is a lot of Democratic material bobbing around, some of which shows up on radio this week.

Alben Barkley's new show "Meet the Veep" begins this Sunday on KUGN at 3:15 p.m. Format will be the question-answer style. . . Adlai Stevenson on KERG 6:30 p.m. Saturday reminding the Demos of Jefferson and Jackson.

Another political show beginning Sunday on KUGN at 6:30 p.m. is Lawson McCall's review of the legislature—"Salem Agenda" . . . Meet the Press moved to Monday at 6:30 p.m.

A show that has shown some political consciousness of late is ABC's (KEX) "Mr. President." Shortly before Ike's inauguration it portrayed a president faced with a leader who thought himself the political standard bearer of the country. Last night, Mr. President had trouble finding a general to prosecute a war. The problems of Ike-Taft and Truman-MacArthur have plagued other presidents.

After the all-campus Senior Ball had been determined to be a "Heart Attack" a student suggested it ought to have been given the theme "Infantile Paralysis."

A featured presentation of KWAX Tuesday nights at 6:15 is "Surprise Package," wrap-

ped up and delivered by Ann Moyes, Al Barzman, Jim Blue and any other characters dragged off the quad. They sit down at 3:30 Tuesday afternoon and an hour after the question "Who's got any ideas?" has been thrown out, first rehearsal (and incidentally the broadcast) is taped for the evening playback. It's an extemp show that provides enough surprises to the performers as well as the audience to make an interesting quarter hour of listening.

If you want to hear "Surprise Package" and haven't got an FM radio but have an old TV set around just switch to channel 6. Situation is caused by an overlap of FM and TV frequencies.

Dad's Day committee was going to suggest the headline "Students Have More Fathers" for the story about the high attendance last weekend. Maybe that explains the chant about the shortage of fathers among referees.

Jack Benny visits Crosby at 6:30 on KERG. . . Korea's president is interviewed tonight at 10:15 on G.

If you want to hear a comedy satire on light opera that really gives it a new twist give an ear to KUGN's "Reuben, Reuben" Saturday at 5:30 p.m.

NBC (KUGN) begins a new hour-long documentary series on penitentiaries called "Your Challenge" this Sunday at 5:30 p.m.

Notes to the Editor

On the evening of the 5th of February, while I was in the infirmary, I was asked a very unique question. It was, "What do you think of student government?" I made a statement which was published in the February 6th Emerald. Since then I have found that my statement was interpreted in several different ways. The exact way that I meant it did not seem to be one of them.

Through a misunderstanding by the reporter, my exact words were not quoted, although they were very close.

I definitely believed that the freshmen needed some help in bringing to the public eye students worthy of nomination. Whether or not it has been done as effectively as possible in the past by fraternities and independent groups had nothing to do with my statement.

I merely meant to say that I did not approve of a group, any group, which would state that it was not a political party but put out posters stating their ideas, principles, or what ever one wishes to call them, which made itself seem like a political party.

The only difference between a political party and non-political

council is often in the name. And as far as I know, the council did nothing underhanded. Maybe the idea can be developed into a very helpful plan. Since it was new and different there was bound to be some "mud-slinging," although I was never interested in having any part of it.

In reading your article about "Webfoot Students Hail From Many Countries," I notice that you made no mention of the many students that represent Hawaii. You acknowledge 38 separate countries and 37 states, yet there was nothing said of Hawaii, a prospective 49th state. You might be interested to know that there are about 70 students from Hawaii. This certainly exceeds the number of students from any of the foreign countries.
