

World Student Fund Drive Opens

The 1953 World Student Service Fund drive which will open Monday and last through Friday, April 24, will officially close with the all-campus Vodvil show. Proceeds from the tickets will go directly into the fund drive.

This year the money collected

will be sent to Greece, Syria, India, Burma, Pakistan, Japan, Indonesia, and Korea, to be used for scholarship assistance, textbooks, laboratory equipment, hospital and surgical equipment, tuition and exam fees for university students, and clothing.

In conjunction with the WSSF drive, Alpha Phi Omega, men's service honorary, will be in charge of the "Ugly Man" contest. This contest is entered by all living organizations on campus, each of which select a candidate for the title and support him by contrib-

uting money to a milk bottle in the co-op.

An auction to be held Friday afternoon at 4 p.m., outside the Student Union is another project planned to help raise the money for the University of Oregon's drive.

Most species of octopi are rather small, and usually inoffensive, but some are large and more formidable.

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed *at least* two years of college. This is a *minimum* requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer. OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.
