

Soph Honor Exams Set

First examinations in the University's sophomore honors program will begin Thursday, May 21, Hoyt Trowbridge, chairman of the committee on sophomore honors announced Monday.

The comprehensive exams are open to all students eligible for the sophomore honors program and to others who have completed 15 hours and have a 2.75 or higher GPA, with the consent of the committee. Students who have completed more than 93 hours are not eligible, however. Sophomore honors are awarded to all students passing all four exams with a "grade of distinction."

Exams will be given as follows: history, May 21, 7:30 p.m., Commonwealth 232; physical science May 26, 7:30 p.m., Science 16; literature, May 28, 7:30 p.m., Fenelon 3; and biological science, June 2, 9 a.m., Science 322.

Reading lists denoting the material which will be covered in the exams will be distributed to students now enrolled in sophomore honors courses, and will be available to others in the English department in Friendly hall after Wednesday.

Any student intending to take the examination without having taken the corresponding honors course is advised to consult one of the instructors in the course.

The sophomore honors program began at Oregon this year. The program includes 39 hours of work, as an alternative to the University lower division group requirement.

The program calls for examinations every fall and spring term, but no exams were given fall term this first year. A student may take the four exams split up in any way before he completes 93 hours. The usual program, however, is to take two exams as a freshman and two as a sophomore.

WILL THIS SUIT FIT YOU?

If you can make the grade, you can fly the latest, hottest, fanciest jobs in the air—and do it within one year.

Deadline Monday For Emerald Posts

Petition deadline for Emerald editor and business manager and Ore-nter editor is Monday noon, according to R. C. Williams, secretary of the Student Publications board.

Candidates for the Emerald positions next year will be interviewed by the board Monday at 4 p.m. instead of the previously announced meeting Wednesday at 7:30 p.m., Williams said.

The board will also screen for the office of student affairs applicants for the position of Ore-nter editor Monday at 4 p.m.

IT TAKES a good, tough, serious guy to wear the gear of an Aviation Cadet. But if you can measure up, here's your chance to get the finest in aviation training—training that equips you to fly the most modern airplanes in the world and prepares you for responsible executive positions, both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the

beginning—your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE? To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate! In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER
If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.

3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details:

Visit your nearest Air Force Base or Air Force Recruiting Officer. Or write to: Aviation Cadet, Headquarters, U. S. Air Force, Washington 25; D. C.
