

## KWAX Features Seedy Interview

Rachel Seedy, the Party party candidate for ASUO President, will be interviewed on "Lemon Punch" tonight over KWAX, according to Thorne Briar, KWAX announcer. The interview was recorded at a Party party political rally being held on top of Skinner's Butte and will be heard at 6:15.

As the only woman running for the political office, Miss Seedy has among the planks in her platform the moving of the Pioneer Father to be near the Pioneer Mother. Miss Seedy is also in favor of slot machines in the Student Union as part of her better recreation campaign.

As for her qualifications, Miss Seedy listed being a member of the ASUO, the Co-op, and past president of the campus bird watcher's society. In addition to her campus activities, she also holds the post of National President of the T. Texas Tyler Fan club.

Miss Seedy, in the interview, also answered the questions as put to the other political aspirants in yesterday's Emerald. When asked about deferred living, she advocated "living for the moment." She also plans, if elected, in putting out a ten page Emerald each day, with no advertising.

## Edwards to Speak On Travels in East

Experiences in Turkey and other Near Eastern countries will be discussed by William Edwards, YMCA delegate to the World Christian Youth conference held in Travencore, India, today at noon.

Sponsored jointly by the YMCA, YWCA and Westminster foundation, the meeting will be held in the men's lounge in Gerlinger hall. All students are welcome to attend the sack lunch event, according to Russ Walker, YM executive secretary.

## Correction

Gary Leaverton's name was omitted from the list of Phi Beta Kappa members printed in Monday's Emerald.

## Barnett to Discuss Micronesians

Homer Barnett, professor of anthropology, will lecture on "The Micronesians — Our Responsibility" in the Browning room today at 7:30 p.m.

The lecture has been changed from the regular Wednesday night time to accommodate a talk by Werner Richter, rector of the University of Bonn, Germany.

Barnett returned to the University in January after completing an 18-month tour in the Marshall, Marianas and Caroline Islands. He was working the Trust Territory of the Pacific Islands, a United Nations trusteeship as the head of a six-man team of anthropologists.

ences will be shown coinciding with the lecture. The discussion leader will be John James, assistant professor of sociology.

Barnett has been at Oregon since 1939. He received his Ph.D. degree from the University of California in 1938.

AIRCRAFT OBSERVER

## The Brains of the Team

*Teamwork can work miracles.* In a football game the man who sparks these miracles is the quarterback. He's the man who calls the signals. There's a man who calls the signals for an Air Force flying team, too! They call him an Aircraft Observer.

**Do YOU have what it takes to become an Aircraft Observer?** It isn't easy. It's tough. You have to be a MAN to qualify as an Aircraft Observer. But when you are one, brother, you're SOMEBODY! The success or failure of a mission involving over a million dollars worth of flight equipment depends on you.

### THE AIRCRAFT OBSERVER IS THE SOMEBODY WHO:

- As *Bombardment Officer*, is number one man on a bombing run, the man who controls the plane in the target area!
- As *Navigation Officer*, is the pilot's guiding hand on every flight!
- As *Radar Officer*, is master of a new science and operator of the device that sees beyond human sight!
- As *Aircraft Performance Engineer Officer*, is the one who "keeps the plane flying", the man who knows his plane in-

side and out, who keeps it fit for the skies and sees that it stays there!

If YOU can accept a challenge like this, you'll take your place beside the best—you'll find your future in the clouds!

**TO BE QUALIFIED** you must be single, a citizen, between 19 and 26½ years old, have had at least 2 years of college and be in tip top physical shape. If this describes you, then YOU, too, can qualify. Today!

**HERE'S WHAT YOU'LL GET!** The world's best training. Good food and plenty of it. Uniforms, flight clothes, equipment. Medical and dental care. Free insurance. Flight training in Uncle Sam's greatest aircraft.

**AND THEN, AFTER GRADUATION,** you'll win your silver wings, and earn more than \$5000 a year as an Air Force Lieutenant. You'll enjoy an adventurous, exciting career with a hand-picked crew of real men. You'll be THE BRAINS OF THE TEAM, A TRIPLE THREAT MAN... as a Bombardment Officer, as a Navigation Officer, as a Radar Officer, as an Aircraft Performance Engineer.

★ **THE SOONER YOU APPLY, THE SOONER YOU FLY!** ★

**GET THE DETAILS:** Visit your nearest Air Force Base or Air Force Recruiting Officer. Or write to Director of Training, Headquarters, USAF, Washington 25, D.C., Attention: Aviation Cadet Branch. If you are in a school that has an Air Force ROTC program, see your Professor of Air Science and Tactics.
