STUDENTS INVITED

Debators to Meet

The University forensic squad will hold its first meeting at 7:30 p.m. Tuesday in Villard 305, Coach Herman Cohen, instructor in speech, has announced.

All students interested in speech activities on the campus, regard-

less of previous experience are urged to attend, Cohen said.

Program of the University speech department has a double-barrel design with debate, oratory, interpretative reading and extempore on the agenda for students interested in competitive speaking. Other side of the program is symposium which is designed to give students practical experience in public speaking.

Debate topic for the coming season is based on free trade while symposium members will discuss the improvement of Congressional investigations.

James Wood, 1953 graduate of Willamette university, will serve as the graduate assistant this year, Cohen said. He replaces Robert Kully who handled the debate program during the past season.

University debaters brought home several Northwest championships in 1953. Phil Cass and Don Mickelwait won first place at the annual College of Puget Sound tournament and the Pacific Forensic League championship. Second men's team in junior division, Paul Ward and Bruce Holt, took first place in debate at the tournament for Far West states at Linfield college.

Members of the symposium team travel over the state of Oregon speaking before civic, fraternal and educational groups. Forensic squad competes at tournaments in Oregon, Washington, California and other western states.

Hawk Discusses Discipline Code

(Continued from page one)

Hawk or Mrs. Wickham and let them handle it, thus avoiding a court record for the student.

Offenses Vary

The immorality and gross indecency categories are the "catch all" departments of the code. Offenses here can range from the infrequent sexual offenders to the man who "cusses out the house-mother at 1 a.m." And here again the drunkenness charge can usually be applied.

The final article in the code concerns relations between Oregon and Oregon State college. It reads: "In order to prevent vandalism, officials of the University of Oregon and Oregon State have mutually agreed to suspend any student who engages in malicious acts on a foreign campus."

Hawk also warned that, according to the code, "disciplinary officials have been directed to assume that participation in an unchaperoned party at a hotel or in a motel is sufficient cause for suspension from the University."

Some eighty persons, including members of the Obsidian club led by F. E. Sipe, associate professor of biology, are expected to take part in the field trip.
