To Change Or Not to Change?

A proposal to move up the date of Junior Weekend and Moth er's Day one full week so it will no longer coincide with national Mothers' day is on the agenda for the Student Affairs Committee meeting this afternoon.

The proposed change would move the traditional spring term observance from May 7, 8 and 9 to May 14, 15 and 16.

Faculty members of Student Affairs spent the last two weeks fessor of political science and hispolling various campus groups for student reaction to the change. Results: Heads of House, the Student Union board and the house social chairmen, both men and women, cast almost unanimous votes in favor of changing the date. When the suggestion went to the ASUO Senate, the members voted against the

What are the pro and con issues involved ni this change of dates?

The honored guests of the week-end-Oregon Mothers-first suggested the switch through their executive council. Seems 4 p.m. today in the SU browsing that some mothers would likt to be home with the rest of the family for national Mothers' Day. The present arrangement allows most mothers a sometimes harried week-end with only one member of the family.

: Another pleasant thought, switching dates might confuse the weather prophets enough to we'd have fair skies for the weekend's big events.

Taking a closer look at the planned social calendar, we begin to see some indication of why house officers voted in favor of the proposal. Duck Preview, with the Vaudeville, entertaining high school guests and WSSF drive climaxe, is slated for April 23 and 24.

Leaving the date as scheduled allows two weeks between the biggest events of spring term. Those two weeks are naturally crammed with work on the all-campus sing and plans for house floats. The proposed change would lengthen the recovery and recuperation period to three weeks.

Heading opposition arguments is the natural tendency to balk head of the sociology department, at a change in tradition. Mothers' Day has for years been the time for the big week-end and it's hard to accept a change.

We've also heard that it's a little unfair to a student who is an only child and would like his mother on campus for the national

It might possibly take a little of the meaning out of the observance of Mother's Day in conjunction with Junior Weekend if the national observance and campus celebration remain so close, chronologically speaking.

Even with the strong pull of sentiment and tradition, the move appears to be a step towards a more organized and well spaced program of activities for spring term.

Granted that there will be no closed-door revelations to the decideding board, it seems now a clear-cut case of student opinion asking that Student Affairs vote in favor of change.—(E.S.)

 Springfield, Junction City, Cottage Grove and Eugene area members of the Oregon Dads club Ky. will meet at 8 p.m. today in the Student Union, according to Leroy Erdman, president.

New anthropological specimens poons, form the basis for this

conclusion.

Reasons for this similarity between these tribes has been theorized in a statement by Leech "These tribes (Aluets and Eskimoes) are both believed to be descendents of a pre-Eskimo tribe, who probably came across the Bering sea from Asia 4500 years ago," he said.

The influence of the Russian traders who occupied this territory from 1741-1867 has also been uncovered. However this influence has not been found to be pronounced, the Indians of both tribes prefering to follow the customs of their ancestors.

Plans are underway for further excavation of this area next year, Leech said.

Money Allocated For River Work

(AP) - Oregon Senator Guy Cordon says that enough money has been allocated for the Army Engineers to maintain the Columbia river channel from Portland to the sea at a full depth of 35 feet and full width of 500 feet. Cordon indicated in a report today of President Carvel Linden of the Chamber of Commerce that the work will be completed soon after the first of the year.

Linden says that in recent years the Columbia channel project has not received enough money to manitain the channel at proper depth and width.

Education Topic

"Does Our American Educa-tional System Educate?" is the topic for a foreign student coffee hour discussion today at 4 p.m. in the Student Union.

First of a series on American culture, history and government, the discussions are being sponsored by the Eugene Foreign Student Friendship Foundation.

Discussion leaders are E. G. Ebbighausen, associate professor of physics, C. P. Schleicher, professor of political science, William C. Jones, executive director of the Western Interstate Commission for Higher Education and Joan Hutchins.

Tentative dates and topics for the next three discussions are: Oct. 22, "As We in the U.S. See Ourselves"; Nov. 5, "As We View the World," and Nov. 19 "How You Saw the U.S. and How You Now See It."
