## Seniors to Defend Traffic Offenders

"Bach, Montague and Farris, Student Court Defense Counsel" announced Thursday that they will be available to defend persons appearing before the student traffic court.

Partnership action of law school seniors are Donald F. Bach, Malcolm J. Montague (1952-53 member of the student traffic court) and J. Kelly Farris grew out of the denial of Farris' motion to dismiss a citation at the traffic court Wednesday night.

During the two hour legal argument, Farris charged that the court had no authority and was acting in violation of the Oregon and United States constitutions. He then demanded a jury trial for which the court had no machinery. The court, choosing to test the case, voted unanimously to fine Farris \$2. When he refused to pay, the case was sent to the stu-

dent affairs committee.

Speaking for the three law students, Farris stated: "We are available at the law school and will defend any student who requests our services before this so-called court. We are firmly convinced that this group of students is acting unlawfully when it passes on the guilt or liability of a student for alleged traffic violations."

Farris has indicated that he will appeal the Wednesday night action of the court. Furthermore, he stated, "If my deposit money is meddled with in any way, I will seek an injunction in the circuit court for Lane county and ask for exemplary damage from all responsible persons."

"No comment" was the statement of Carl Weber, chairman of the court, when he was informed of these new developments.

## Torchlight Parade Ends In Near-Riot Thursday

A torchlight parade staged by supporters of Don Hazelett, Phi Gamma Delta nominee for "Joe College," ended in a near-riot in front of Alpha hall late Thursday night.

The ruckus started after water-bags from the hall were thrown at the marchers as they paraded in front of Carson hall. In retaliation, Hazelett's supporters chased the "Alphaholics" back to the dorm.

At the door of the hall, the marchers were met by more water as they milled about in front of the building. The torchlighters then ran toward the hall, breaking through the bolted door.

Two or three torches were carried into the hall, as the paraders entered. A door panel was broken on a second floor room in the melee and smoke filled the hall of the building. In the front of the hall, torches were piled in front of the door, close to the building. No blows were exchanged.

Outside, amid more water and shouts from both sides, the marchers left, going toward the Student Union parking lot. Men from Alpha, Gamma and Hale Kane watched the marchers leave. A Eugene police car patrolled the streets around Straub for the next few minutes.
