ganization. All other pledges and independent men will appear on the dormitory page, Miss Bell said. Off-campus Eugene independent men who are affiliated with a hall but not living in it may also have their picture taken and appear on the dormitory page, Miss Bell stated. ...and give thanks you live in America!

THIS THANKSGIVING as you bow your head to express your gratitude for your private blessings, remember to give thanks for one you share with over 150 million other people:

The blessing of living in America.

Nowhere else in the world are your personal rights so well guarded, and your work so well rewarded.

The average American wage, for instance, is \$3100 ... the Russian but \$720.

The American gets an average of 323 pounds of meat per year ... the Russian gets only 33 pounds.

The American has an average of 38 pounds of sugar to sweeten his life yearly ... the Russian just 18 pounds.

The American spreads a minimum of 18 pounds of butter and margarine on his bread in a year. The Russian gets but 4.2 pounds.

Authority for these Russian production figures? Georgi Malenkov, Premier of Russia. These are his own statistics in his official speech to his Deputies.

He gives no figures for the production of cars, television sets, refrigerators. Eight years after the end of World War II the Russian is apparently getting almost none of these things.

Such unwitting testimony for the free American way of life—from the one who would destroy it—should give us pause this November 26th.

Pause to express our thanks for the gift of American citizenship, and the inalienable rights this gift bestows.

Pause to determine to protect this way of life for ourselves and our children's children ... against any odds!
