

DUCKS START RIGHT

Win Inaugural, 79-72

University of Oregon fought off a determined last half rally on the part of the University of Portland Pilots to win its 1953-54 basketball season inaugural Tuesday night at Marshfield, 79-72.

Since this was the first game for both quintets, the ballhandling and shooting percentages were understandably below par for the two rivals. The Ducks, however, did show a little better accuracy at the gift line, and this department was the difference between the clubs when the final buzzer buzzed.

Max Anderson, 6 foot, 7 inch sophomore center, did a fine job in his varsity casaba debut for the Ducks, handling himself like an old pro in the Webfoot pivot spot.

He, along with rangy Ed Halberg, dominated the Oregon rebounding picture. Big Max also showed an accurate hook shot, and

hawked the ball several times when Pilots drove in for layins. He was second man on the high point list with 16.

Both quintets, usually noted for a race-horse type of play, showed little speed in general. Instead, they worked on smoothing down ball handling and improving respective offenses.

The game did not, however, fail to provide its share of thrills. As the last half opened, the Pilots surged from a 12 point deficit to within 3, 43-40. Halberg and Anderson temporarily put the Webfoots on easy street with a five point burst.

But the Portland crew pounded right back in the last frame and kept within whispering distance for the rest of the game. At one time it was 64-61, and two minutes later the score stood 70-66.

Barney Holland, playing before

a home town audience, potted a lay in, and added a couple free throws to give Oregon its final edge with just 1:20 minutes remaining.

Oregon's JV gang pounded out a 79-68 triumph over the Pilot JVs in the prelim contest.

Portland (72) Oregon (79)
Marshall, 16 F 20, Halberg
Turtanich, 14 F 3, Stout
Torson, 8 C 16, Anderson
Koepke, 1 G 10, Holland
Bartel, 11 G 13, Wegner
Subs—Portland; Urquhart (8), Wolken (6), Krohn (5), Flynn (2), Kowalewski (1). Oregon: Hawes (10), Page (3), Bell (2), Ross (2), McManus. Halftime score—Oregon 42, Portland 30. Attendance 2500.

DG's Drop Pi Phi In WRA Playoffs

Jean Mangan's high series of 524 proved to be the difference Tuesday night when Delta Gamma defeated Pi Beta Phi, 1916-1801, in the roll-off of the WRA bowling tournament. Jean also had the high game, 193.

DG scores were: Bev Braden, 360, Jane Bolton, 392, Mary Wilson, 328, and Magnan, 524. The Pi Phi bowlers were Doreen Gienger, 373, Pat Southworth, 323, Leila Lemmon, 341, and Marcia Dutcher, 347.

Plenty of Action Packs IM Scene As Phi Deltas, Hale Kane Advance

Action galore was the keynote in the A volleyball semi-finals, with the two games on tap providing a total of an hour and a half of torrid net play. Represented in Tuesday's action were Phi Delta Theta, Sigma Phi Epsilon, Hale Kane, and Campbell Club.

The first game provided by far the majority of the action, as it went into three games, two of which were taken by Phi Delta Theta. The Sig Eps captured the second contest. In the first of the games, the Phi Deltas barely managed to squeak by the Sig Eps to the tune of 18-16.

Tight Offense, Defense

The contest was very close, with both teams playing heads up ball on both offense and defense. The second game was another close one with the final count being 15-13 on the Sig Eps side of the fence. The final clash proved to be the clincher for the Phi Deltas, as they came back strong to outscore the Sig Eps, 15-6.

Outstanding players would be very hard to pick for either team, but Garry McMurry, Don Sullivan, and Chuck Turbyfill for the Sig Eps, and "Spider" Farnum, Al Mundel, and Bob Wagner for the Phi Deltas all contributed to their teams scoring punch.

Fluid-Drive Hawaiians

Hale Kane continued on their winning way by snowing under a

brave, but weak, Campbell Club team in two successive sets, 15-1 and 15-4. The scores alone denote the strength of Hale Kane's attack, but it cannot show the smoothness with which their offensive plays work. Campbell Club was merely no match for the fluid-drive Hawaiians. Martin Magi and Ray Coley were the two big spikers for Hale Kane while the whole team showed up well on the set-ups.

Hoop Clinic Set Tonight

Basketball rule interpretations by a PCC official and a varsity scrimmage illustrating some of the basic casaba plays are the two main items of interest in the hoop clinic, scheduled for tonight at 7:30 p. m. in McArthur court by the Oregon club.

University of Oregon students and the public in general are invited to attend the clinic to get some first hand "know how" on the game of basketball.

Harlem Clowns Take Easy 72-58 Decision

Playing their daffy best before over 5,000 enthusiastic basketball fans the Harlem Globetrotters won

ROBERT HALL Worth Seeing

a comparatively easy 72-58 victory over the Boston Whirlwinds at McArthur Court Tuesday night.

After playing on fairly even terms with their opponents in the first half the Trotters broke the ball game wide open in the third quarter when they scored fifteen points while holding the Whirlwinds to six counters.

Johnny Kline with 17 points and Bob Knight with 16 were the leading scorers for the winners but center Bob Hall was the one who impressed the crowd most by virtue of his hilarious comedy acts. Claude Overton led the pointmaking for the losing quint with 17 markers.

PE Club Sponsors 'Smoker' Tonight

Tonight is the night for the Men's P. E. club smoker, starting at 7:15 p. m. in the men's physical education building.

Handball, volleyball and basketball are on tap for the evening's activity, says Bernie Averill, program committeeman.

All P. E. majors, minors, graduate students and faculty are invited for the sports night. Refreshments will be served during the evening, according to Averill.

'B' League Semi-Finals

4:00 p. m., Court 40, Phi Delta Theta vs. French hall.

4:45 p. m., Court 40, Hale Kane vs. Sigma Alpha Epsilon.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

Here's a sad cotton tale: poor Paul was in a stew about his hare until his paw wrote: "I ear you got a bun on because youf girl left you. Now, letuce look at the bre'r facts. To get in on the bunny huggin', smart rabbits foot it down to any toilet goods counter for Wildroot Cream-Oil, America's biggest-selling hare tonic. So fuzz thing tomorrow, invest 29¢ in a bottle or handy tube. Contains soothing Lanolin. Non-alcoholic. Grooms the hare. Relieves annoying dryness. Removes loose, ugly dandruff. Helps you pass the Finger-Nail Test." Sheedy tried Wildroot Cream-Oil and now he's a jump ahead of every Tom, Dick and Harvey. So what're you waiting fur? Get Wildroot Cream-Oil today, and ask for Wildroot at your barber's. You're bound to like it!

*of 131 So. Harris Hill Rd., Williamsville, N. Y. Wildroot Company, Inc., Buffalo 11, N. Y.

How silent is the night?

Watching the serenity of Christmas skies we are conscious of deep silence. Yet the stars are talking to us all the while—talking in radio waves that are full of meaning to scientists probing the depths of space.

The important discovery that some stars produce radio waves was made by a Bell Laboratories scientist while exploring atmospheric disturbances which might interfere with transoceanic telephone service. His discovery marked the birth of the fast-growing science of radio astronomy. It is telling us of mysterious lightless stars that broadcast radio waves, and it promises exciting revelations about vast regions of space concealed by clouds of cosmic dust.

And so from the probings and skills of Bell System scientists and engineers has come another tool to help man understand better the universe in which he lives. These men are a proud team—members of a still larger team engaged in research, engineering and administration and working on telephone problems in all parts of the country. We would like you to consider joining them.

There are employment opportunities with the companies that provide telephone service, with Western Electric, and with the Bell Laboratories. We need young men for the leaders in tomorrow's Bell Telephone System. Check today with your Placement Officer for details.
