

'54 Press Meet Set for Feb. 19, 20

The 1954 Oregon Press Conference, held annually on the University campus, is scheduled for Feb. 19 and 20.

The conference, co-sponsored by the school of journalism and the Oregon Newspaper Publishers Association, will feature a number of well-known journalists as guest lecture speakers.

Except for the annual banquet scheduled for the Eugene hotel, all of Friday's sessions will be held on the campus. Saturday's meetings will all be held in the Eugene hotel, including the final Saturday luncheon meeting of the newsmen.

Included among the speakers will be William F. Johnston, managing editor and editor of the editorial page of the Morning Tribune in Lewiston, Idaho; Miss Gladys Bowen, society editor of the Portland Oregonian; State Senator Stewart Hardie of the Condon Globe-Times and the Fosil Journal; Robert W. Chandler of the Bend Bulletin; Philip N. Bladine of the McMinnville News-Register, and Giles A. French of the Sherman County Journal in Moro.

In connection with the Press Conference, an ONPA mechanical conference is planned for Saturday afternoon. It will begin at 2 p. m. and coincide with a dinner at 6:30 at the hotel. The guest speaker will be the head of the University of Oregon speech department, Roy C. McCall.

Columbia Teacher To Speak on Music

Jacob Avshalomov, instructor of music at Columbia university, will address music school students at 8 tonight on "New Directions in Music — Their Media and Implications."

Avshalomov, who will speak in the music school auditorium, will accompany his talk with tape recordings.

Play Ducats Available Only on Cancellations

All tickets for the University theater's current production, "The Moon is Blue," have been sold out, according to Mrs. Gene Wiley, theater business manager.

However, students and faculty members who still wish to see the production may possibly be able to obtain seats through cancellations, said Mrs. Wiley.

←Gloria Lee

Cast in the lead role of Patty O'Neil, in the comedy which opened Friday, are Gloria Lee, junior in speech, and Helene Robertson, freshman in liberal arts.

Playing the young architect, Don Gresham, are Donald McDonald, sophomore in speech, and Har-

with, senior in speech. Clarence Guiter, senior in speech, will play David Slater, the protagonist, while Tom Angle, senior in political science, will portray Michael O'Neil.

The production, directed by Horace W. Robinson, associate producer of speech, is scheduled to run through Feb. 18.

Badminton Meet Today

Badminton tournament participants will meet today at 4:30 p. m. in Gerlinger hall gym. The meeting will be brief if participants are prompt, emphasized Jean Stevens, badminton manager.

Liggett & Myers Tobacco Co. says . . .

FOR more than thirty years we have used research day in and day out learning about tobaccos and cigarettes in the public's interest.

Continuously we and our consultants have analyzed, experimented with and smoked all kinds of tobaccos . . . especially Southern Bright, Burley, Maryland and Turkish cigarette tobaccos.

Our own cigarettes and competitive brands have been submitted to the most exacting scientific scrutiny including thousands of analyses of millions of pounds of tobaccos.

From all these thousands of analyses, and other findings reported in the leading technical journals, our Research Department has found no reason to believe that the isolation and elimination of any element native to cigarette tobaccos today would improve smoking.

For four years we have maintained in the smoker's interest an intensified larger scale diversified research program. A half-million dollar 30-ton machine, the world's most powerful source of high voltage electrons, designed solely for our use has tested tens of thousands of cigarettes. This program has already given to us direct and significant information of benefit to the smoking public.

Our consultants include Arthur D. Little, Inc. of Cambridge, Massachusetts, "one of the largest and most reputable industrial research organizations in the country" (From Business Week Magazine) and eminent scientists from leading universities.

Today the public can confidently choose from a variety of brands — by far the best cigarettes ever made by the tobacco industry.
