

Applications For SS Test Due Soon

All students intending to take the selective service college qualification Test in 1954 should file applications at once for the April 22 test, Selective Service Headquarters advised today.

An application and a bulletin of information may be obtained at any selective service local board. The student must fill out his application immediately, following instructions in the bulletin, and mail it in the special envelope provided. Applications must be post-marked no later than midnight, March 8. Early filing will be greatly to the student's advantage, according to the announcement.

The results will be reported to the student's selective service local board of jurisdiction for use in considering his deferment as a student, according to the Educational Testing Service, which prepares and administers the college qualification test.
