Traffic Deaths Cut in Oregon

by the Associated Press

The National Safety council has advised Oregon officials that the state's 19 per cent reduction in traffic deaths last year was the best in the nation.

Utah was second with a 15 per cent reduction. Washington cut its traffic deaths 14 per cent, California 4 per cent and Idaho 9 per cent.

On the other side of the ledger, Oregon had a two per cent increase in the number of traffic injuries.

Oregon's highway death rate last year was 5.5 persons killed for each 100 million miles of travel, compared with a rate of 6.2 in 1952. Sherman county was the only one of Oregon's 36 counties which had a death-free traffic record in 1953. There were 391

traffic fatalities in the state last year.

103 Years Young But 43 Years Late

By Associated Press
Judge Hugh Rossellini has told Benjamin (Dad) Trimble to forget all about his jury summons. Trimble was advised to stay home, read his Bible and relax.

You see, Trimble is 103 years old — just 43 years past the age limit for jurors. The gray-haired former slave put on a little show to prove to the judge that he is

almost as good a man as ever. He sang a song and did a brief buck-and-wing dance.

● The Air Force ROTC and Army ROTC drill teams will compete in a military drill team competition at 1 p. m. today at Hayward field. The public has been invited to attend the annual competition.
