

LAND OF ALOHA

Trips to Hawaii Available

A vacation in Hawaii, complete with beach trips and canoe rides, is what is offered by the Oregon-Hawaii tour, being offered this year for the fifth consecutive time through the Eugene Travel Service.

Mrs. Thomas Graves, Sigma Kappa housemother, is the official escort for the tour, which is designed for a group of approximately 20 college girls, including graduates and high-school graduates who plan to enter college.

Studies at the University of Hawaii, which overlooks Diamond Head and Waikiki Beach, are optional. "Girls usually take such courses as Oriental art, history of Hawaii, swimming and hula," Mrs. Graves said.

Credits Offered

Each credit hour taken at the University costs \$8, and each is worth one and a half hours at Oregon. The session there lasts from June 23 to Aug. 3.

The group will leave by Northwest Airlines tourist flight on June 21 and return by the Lurline, which sails from Honolulu Aug. 7, docking in San Francisco.

Total price of the tour is \$646, including transportation both ways, plus hotel accommodations and special events. Not included in this figure are meals while not traveling, fees at the University of Hawaii and transportation between San Francisco and the students' homes.

Special Events Planned

Special events scheduled in Hawaii include a fashion show at the Halekulani Hotel, a tour of the island of Oahu, a semi-formal dinner-dance at the Queen's Surf and optional lunches at the Officer's club and Pearl Harbor.

Hotel accommodations in Honolulu are at the Waikiki Retreat, approximately a block from the famous beach, located near drug stores and a shopping center.

Arrangements for sending 22 lbs. of baggage in advance can be made, in which case members of the tour traveling by tourist class flights will be able to take 66 lbs. altogether. On first-class flights 66 lbs. may be taken.

Wardrobe Listed

According to the Eugene Travel Service booklet on the tour, cottons and sport clothes should be stressed in planning a wardrobe for the trip. Two swim suits should be included, it added, as well as formals and beach equipment for hours of tanning.

A fee deposit of \$50 is collected when a student joins the tour, which is refundable up to April 15. The balance is payable before May 15.

Suggestions for travelers include obtaining an insurance policy from a home-town agent and purchasing travelers cheques and baggage insurance.

Interested women should contact Mrs. Graves in the near future to obtain more information and to make early arrangements for signing up for the tour.

Howard's Coed Tour

The original college girls' tour to Hawaii, the J. D. Howard tour, includes students from colleges throughout the U. S. and Canada,

and is being offered this summer for the sixth consecutive year.

Purpose of the tour is educational and social, with an opportunity to make up deficiencies in regular school work and to take interesting electives at the University of Hawaii.

Tour members will stay at Wilcox hall of Mid-Pacific Institute, a private school in Manoa Valley, three miles from the center of Honolulu and two miles from Waikiki.

The new two-story residence is adjacent to the University of Hawaii, and offers many services, in the way of laundry and maid accommodations.

Escorts Provided

A staff of housemothers from the mainland will stay at Wilcox hall, and Mrs. Antoinette Faabourg, Alpha Xi Delta housemother will represent the University of Oregon as official escort. Mrs. Faabourg lived in the islands for many years before coming to Oregon, so "can act as a sort of sight-seeing guide, too," she said.

Prerequisites of the tour include registration in the University's six-week summer session, with minimum number of credit hours set at one course of three credits or two of one hour each.

Membership Limited

Membership in the tour is limited to girls eligible for immediate university enrollment or who have just graduated from college. Personal references are required, and each applicant will be judged by the housemother from her campus.

Departure from the mainland is scheduled for June 21, with return from Hawaii set for August 7, four days after the University summer session ends.

Tour members will be served breakfast at Wilcox hall, and other meals may be obtained at the University cafeteria or at Waikiki or Honolulu.

Special Events Listed

Total price of the 47 day tour is \$547.50, which includes 47 days residence at Wilcox hall, round-trip airplane tourist travel, scheduled sightseeing tours and social activities exclusive with the Howard tour.

The social events include an aloha dance to be held soon after the group arrives, a hostess dance and weekly movies.

Inter-city transportation will be by public carrier or a special taxi service by a private company in Honolulu, with fares comparable to those on a bus on the mainland.

Travel Service Offers Several European Tours

Several European tours which will appeal to the college student are being offered this summer through the Eugene Travel Service. Three of these tours are the Travelworld's Collegiate tour, the STOP tours, and the Brownell tours.

The Travelworld tour advertises a 53 day trip through the countries of western and southern Europe. Passage will be on the M. V. Georgic, Cunard Line steamer, which will sail from New York on July 29, returning on Aug. 20. Travel on the Continent will be by special chartered motor coach. The price is listed at \$995.

Fifty-six to sixty-five days of travel are featured in the STOP tours. Members of these tours will travel in new Ford automobiles which will be at their disposal within city limits at certain times. Departure times from New York are June 16, June 29, July 1 and July 8. The rate for the tour is \$1235.

College Age Only

The Brownell Thrift and College tours, 49 to 67 days, have eleven tour groups reserved for college age. The first of these leaves New York on April 6 and the last on July 30. Departures also will be made from Quebec. Prices for the Brownell tours start at \$1000 for tourist class and run to \$1300 for first class accommodations.

All these tours are carefully planned to give the traveler a comprehensive survey of Europe, both rural and urban, including the principal attractions of each country visited. Ample leisure time is allowed for individual pursuits.

Guides Provided

Professional guides, provided by the tour managers, will be available to the travelers. These leaders will assist the shopper looking for souvenirs, give practical lessons in languages and show the points of interest. The tour groups are strictly limited to assure congenial companionship throughout the tour.

England, Holland, France, Germany, Austria, Italy and Switzerland will be visited in all these tours. The Brownell tours offer the greatest variety of countries with such additions as Ireland, Scotland and the Scandinavian countries.

A deposit is required at the time a reservation is requested. The deposit will be refunded in full if cancellations are made before the date of final payment, usually one or two months before departure.

Students interested in these tours are urged to make arrangements as soon as possible for the most satisfactory arrangements. Further information on these and other tours can be obtained at the Eugene Travel Service located in the Eugene hotel lobby.
