Anti-Joe Editor Is Ouster Object Himself

SAUK CITY, Wis.—The editor who is backing the campaign to recall Senator Joseph McCarthy, Leroy Gore of the Sauk Prairie Star, is himself the object of an ouster petition. But he says he doesn't believe that there's much strength behind the move.

Gore started a movement labelled "Joe Must Go" to circulate

the recall petitions. A Sauk City group has launched a "Door for Gore" petition—requesting that the "Joe Must Go" headquarters be moved elsewhere.

But Gore says there is an implication also that he is being asked to leave—a much different matter, he says, than requesting a recall election.
