

Home on Snake River Topic of Alum's Book

"Home Below Hell's Canyon" is the title of a recently published book by Grace Eddington Jordan, 1916 University of Oregon journalism graduate.

Mrs. Jordan writes about Hell's Canyon as a home site and no mention is made of the controversial dam issue.

In 1932 Mrs. Jordan and her husband—now governor of Idaho—moved their family of three children to an almost inaccessible sheep ranch on the Snake river in Idaho. Their pioneer existence was dependent on the ranch for all necessities.

Mrs. Jordan found herself the

family barber, soap maker and school teacher. Shearing sheep became just another household chore on the Snake river. In spite of the rugged life, Mrs. Jordan has high praise for her Hell's Canyon home.

The author was one of the four members of the first graduating journalism class taught by Eric Allen, the University's first dean of journalism. Mrs. Jordan is a Phi Beta Kappa and affiliated with Theta Sigma Phi, woman's journalism honorary, and Pi Beta Phi while at the University.

Two Architecture Awards Available

Two scholarships totaling \$1600, will be given to students of the school of architecture and allied arts for the school year of 1954-55 through the Ina McClung scholarship fund.

Students reaching senior or graduate status by next September will receive first preference for the two awards at \$700 and \$900 respectively.

Applicants will be required to submit one or more examples of their work for public display.

All applications must be filed by Monday, May 24, in order to be considered. Application forms are now available from the architecture school secretary.

Biochemist, Researcher to Speak At Public Lecture Set for Tuesday

Dr. Wendell Meredith Stanley, biochemist and noted researcher on polio and influenza virus, will give a public lecture Tuesday at 8:15 p.m. in the Student Union. His appearance here is sponsored by the Failing Distinguished Lecture series and Sigma Xi, national science honorary.

Dr. Stanley will also speak to the meeting of the Oregon Section of the American Chemical Society here on Wednesday at 8 p.m.

Director of the virus laboratory at the University of Oregon, Dr.

Stanley won the Nobel prize in chemistry in 1946. He is also active in a number of national science groups, including the council of the National Academy of Sciences, the World Health Organization's panel of virus diseases, and the national advisory cancer council of the U.S. Public Health Service.

IT PAYS TO PATRONIZE EMERALD ADVERTISERS

Five Will Attend Spanish Confab

Five teachers from the foreign language department will attend the Oregon and Washington joint conference of the American Association of Teachers of Spanish this Saturday at Portland.

Those attending are: D. M. Dougherty, head of the foreign language department; P. J. Powers, assistant professor of romantic languages; J. D. Devine, instructor in romantic languages; Patricia M. Gathercole, instructor in romantic languages; Edmundo Garcia-Giron, assistant professor of romantic languages; and L. O. Wright, assistant professor of romantic languages.

Speakers at the meeting will include Mrs. Edna Babcock, former president from Seattle, Professor Anibal Vargas-Barion, University of Washington, and Professor M. M. Davies, Oregon State college.

CAMPUS BRIEFS

Deadline for items for this column is at 4 p.m. the day prior to publication.

Control of daylighting will be explained to architecture students by Allen Baker of the Kimble Glass Co. in another of a series of Producers' Council lectures at 3 p. m. in the architecture school lounge.

Henrietta Doltz, director of the department of nursing education, will discuss changes in the nursing education program at a joint meeting of the Pre-Nursing club and alums of the University Nurses school at noon Monday in the Student Union.

There will be a YWCA junior advisers meeting today at noon in Gerlinger hall, Publicity Chairman Sally Stadelman has announced.

The WRA cabinet will meet at noon today in the Student Union, according to Sally Stadelman, vice-president. The room number will be posted.

NO CIGARETTE EVER WENT SO FAR SO FAST !

NATION-WIDE DEMAND FOR L&M DROPS PRICE!

Save Up to 4¢ a Pack — 40¢ a Carton

Since L&M Filters were put on sale across the country they have gained a nation-wide demand never before equalled by any other cigarette in so short a time.

Already, thousands of big-city dealers report—L&M their largest selling filter cigarette!

Why have L&M Filters rolled up sales records like this? Because for the first time filter tip smokers are getting what they want... much more flavor and aroma with much less nicotine.

"L&M Filters came as a wonderful surprise. I had no idea a filter cigarette could taste so good... and filter so thoroughly. As far as I'm concerned, this is it!"

Patricia Morison

FROM L&M TO YOU

JUST WHAT THE DOCTOR ORDERED

1. THE MIRACLE TIP...L&M's exclusive filter tip contains Alpha Cellulose... for most effective filtration. Selects and removes the heavy particles, leaving you a Light and Mild smoke.
2. PUREST AND BEST filter made. Exclusive with L&M. Result of 3 years of scientific research... 3 years rejecting other filters. This is it!
3. MUCH MORE FLAVOR...MUCH LESS NICOTINE L&M Filters are the first filter cigarette to taste the way a cigarette should. The premium quality tobaccos... and the miracle filter work together to give you plenty of good taste.

L&M — AMERICA'S HIGHEST QUALITY AND BEST FILTER TIP CIGARETTE
