## STATE OF MIND...

## ...AND THE STATE OF THE NATION

Perhaps far more than we realize, the state of our nation depends on our state of mind.

For if false fears can incapacitate an individual, they can do the same to a country, which is made up of individuals.

The people of Union Oil believe in America and its ability to continue to furnish the highest standard of living ever achieved by man.

We are backing this belief this year with a nearly one hundred million dollar vote of confidence which calls for new wells, new products, new plants, new refineries, new tankers, new trucks, new tools, new processes.

All of this will help to create new jobs and new opportunities in the years ahead.

All of this should help to create a state of mind that is good for the state of our nation.
