

# Shaw Leading In Total Offense

Oregon Quarterback George Shaw leads the nation in total offense and Halfback Dick James ranks second in pass receiving, according to figures issued this week by the NCAA Service bureau.

In two games, Shaw has amassed a total of 382 yards. Passing accounted for 339 of these and the other 43 came from rushing. University of Washington Quarterback Sandy Lederman trails by one yard in total offense.

### James Collects 10

The speedy James has 10 pass receptions and 111 yards gained. The top receiver, Kentucky's Dick Rushing, has less yards (106), but four more catches.

Arizona sophomore Art Lupino paces the country in rushing, having gained 345 yards for

a 12.8 average. The Wildcats trounced Utah, Oregon's next opponent, 54-20 last weekend.

Two other standouts in total offense will be faced by the Ducks on successive weekends. USC's Jim Contratto ranks sixth and California Quarterback Paul Larson is seventh.

All of the first four teams in passing yardage are Pacific Coast

conference members. Oregon leads with 514 yards, followed by Washington with 421, USC with 402 and California with 366.

Arizona and Colorado are the highest scoring teams in the country, with 112 and 107 points, respectively, in two games.

The cabinet of the University YWCA will meet Wednesday noon in the YWCA lounge in Gerlinger hall.

## CLASSIFIEDS

**SALESMEN TO CALL ON CONTRACTORS, Counties, State Highway using earth moving equipment, to introduce in this area, proven Hydraulic Track Adjusters and Road Patrol Moldboard Shock Absorbers. ## Don't be a Cad, Parkington...

Wasn't it I who let you get your foot into the best thing you ever tried? Aren't you saving about forty bucks a year and enjoying the most blissful comfort a man ever felt, 'pon his sole. Now, I ask you, what do you wear when you go to the football, hockey and baseball games? And don't you wear ditto to classes, horseback riding, hiking, mountain climbing, lounging or studying. And idem item instead of slippers — or when you go sloshing in the rain or slushing in the snows. You're durn tootin', Parkington, and you're equally tootin' that it was I who introduced you to FRYE JET BOOTS, which you have yourself sworn, time and time again, were the best friends a man's feet ever had — not to speak of the most economical and versatile boots, shoes or footwear ever invented, imagined or

dreamed of. And for a favor like that, if you won't get me a date with Dolores, idol of the silver screen, or a Cadillac car for Christmas, or some little thing like that, well, okay — that's all, okay.

P.S. Who can blame this fellow when he knows all the facts about FRYE JET BOOTS. They're made of finest chrome tanned Calfskin specially crimped on the last for instep-and-ankle sculpture-fit, and are leather-lined for extra wear and protection. For biking, hunting, riding; for horse, auto or plane; for wind, sun, or rain, they're the best friends a man's feet ever had. The one and original FRYEs cost no more than the others, sometimes less.
