

ASUO Alphabet Conglomeration Confronts Puzzled New Students

ASUO—what's that? This is a question which confronts new students each year.

ASUO stands for the Associated Students of the University of Oregon. Any regularly enrolled student at the University is thus a member of ASUO.

Governing body of the group is the ASUO senate. Normally composed of 29 members, it is headed by the ASUO president. A president and vice-president and two representatives from

each class, the ASUO president and vice-president, nine senators-at-large, a graduate student, and two voting faculty members comprise the senate.

The overall job of the senate is the performance of student body functions. Student problems are coped with by a system of appointed committees and a six-member cabinet.

At the present time there are 11 senate committees which are appointed by the ASUO president. These committees make regular reports to the senate as a whole.

Committees Listed

Current business committees are for the ASUO-Student Union screening board, the community chest, ASUO insurance, constitutional revision, honor code, exchange assembly, Millrace, foreign students, Northwest Federation of Collegiate Leaders, and the rally board.

The ASUO screening board has as its main function the reviewing of all applications for positions on the SU board, and to pass on for further judgment those students whom the board believes to be eligible.

The rally board is responsible for school spirit, the rally squad and the scheduling of rallies before athletic contests.

The community chest and insurance committee are the newest committees and are responsible for the community chest drive on campus and the selling of ASUO accident policies, respectively.

Constitution Checked

Two standing committees on the senate are the constitution revision and honor code committees. The former has as its main duty the ironing out of antiquated phrasing in the constitution and the checking of the constitution to keep it free of errors. The latter is a sounding board for student body feeling toward an honor code.

The NFCL and OFCL committees are set aside to study, along with other colleges in the Northwest and the state, school government problems. Inter-school relationships are also the concern of these two committees.

Assembly Supervised

The exchange of assemblies with other colleges and the supervision of the assembly which visits high schools throughout the state is the job of the exchange assembly committee.

Orientation of foreign students and the integration of these students into campus life is the task of the foreign students committee.

The Millrace committee studies ways of returning the stream to its former state as a center of campus activity.

There are also five faculty-student committees. These are the student discipline, student publications, student affairs, assembly and military education committees.

The senate has the responsibility of appointing some members of these committees.

Cabinet Explained

The ASUO cabinet, with the student body vice-president as its chairman, has five other members who represent the fields of public relations, athletics, campus social activities, the Oregon Daily Emerald and the Student Union board.

In addition to his cabinet duties, the ASUO vice-president also has charge of elections.

Activities Listed

The ASUO sponsors several campus activities during the school year. Among these are Homecoming, rallies, Dad's Day, Mother's Day, Duck Preview, exchange assemblies and the student traffic court.

The ASUO president and the senate select a chairman for each of the committees and the chairman submits a report of progress to the senate each week.

AFROTC Selects Information Staff

The Air Force ROTC detachment has selected its cadet public information staff for the coming year. Wider news distribution through local radio stations and home town newspapers is the aim for the group.

Members of the staff, headed by Bill Brandsness, are Buzz Nelson, Bruce Tennant, Chuck Mitchelmore, Roger Long, Hunt Lippert, Ardon Milkes, Stephen Morrison and John McCall.

Professor to Discuss Shakespearean Tragedy

"Shakespeare and Tragedy" is the title of the Student Union browsing room speech to be given tonight at 7:30 by E. C. A. Lesch, professor of English.

Causes that led up to the tragedies will be discussed by Lesch. He will also examine these tragedies as they were written by other authors, for comparison and contrast.

Lesch is a University of Illinois graduate. He received his bachelor and master degrees from University of Illinois, and his Ph.D from Princeton. He has been at Oregon since 1928.

Coffee will be served during intermission.

KWAX to Feature 'Scotty's Music'

A new KWAX radio feature, "Scotty's Music" will be heard from 8:30 to 9 p.m. every Monday. Mark Tapscott, senior in Speech, is featured.

Monday's featured guest on the program will be Audrey Mistretta, contralto, a former winner of the Miss Oregon contest. During the summer both Miss Mistretta and Tapscott entertained at the Student Union.

Another group that will perform on "Scotty's Music" in the near future are "The Casuals," a singing trio. Members are Tapscott; Ron Finlay, sophomore in liberal arts, and Bill Hathaway, speech major.

ROTC to Introduce Different System

A new system of selecting ROTC students to serve as cadet officers is being introduced by the army ROTC this term, according to Lt. Col. R. D. Evans, professor of military science and tactics.

The system will give each senior a chance to display his leadership ability and show what position he should be assigned permanently.

Cadets will rotate between six companies of basic ROTC students, serving in positions from company commander to assistant platoon leader.

This period of rotation will last until the sixth drill period. At that time, tentative officer assignments will be announced. Final assignments will be made prior to the ninth drill session.

Rating of cadet performances during the rotational period will be done by the cadet tactical officers, company commanders and platoon leaders.

By giving students ample chance to demonstrate their abilities, this system is expected to aid staff officers to make better selections. The system is similar to that used at ROTC summer camps.

Graduate Business Tests Offered

Students planning to take graduate business courses next year at colleges other than Oregon are advised to check with the respective schools immediately about admission tests.

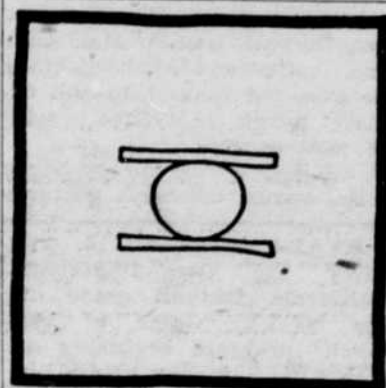

Some colleges require their graduate students in business to take these tests which will be given February 3 and May 14.

Applications and fees must be filed with the admission test for graduate study in business, educational Testing Service, 20 Nassau St., Princeton, New Jersey, two weeks before the tests.

Further information and sample questions are given in a bulletin of information offered by the testing service.

Tuna Not Radioactive

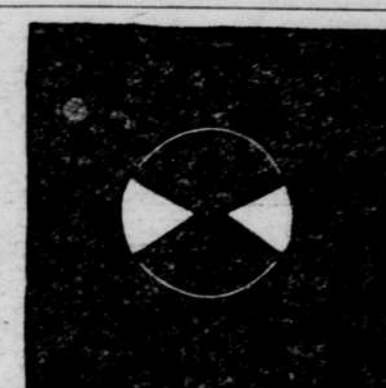

GENOA, Italy—An Italian public health commission Thursday checked and found no radioactivity in a cargo of Japanese-caught tuna.

What makes a Lucky taste better? "IT'S TOASTED" to taste better!

Doubtless, you've guessed that the Doodle at the right is: Careless two-gun cowboy enjoying better-tasting Lucky while waiting in ambush. Lots of other two-gun cowboys—and many millions of no-gun folks—agree that Luckies taste better. Students, for example, prefer Luckies to all other brands, according to the latest, biggest coast-to-coast college survey. Once again, the No. 1 reason is that Luckies taste better. They taste better because Lucky Strike is the cigarette of fine tobacco . . . and "It's Toasted" to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better. So, enjoy the better-tasting cigarette . . . Lucky Strike.
