Race Change Possible Panel to Discuss After Council Elections

By Sam Frear **Emerald Reporter**

Tuesday's elections of Eugene city council members may cause maintained that "you have to go significant changes in that body's there." And once there, anyone view to the Millrace restoration can see as much of the Millrace

There are six candidates for the four vacancies in the city council. Of the six, only one has gone on record as favoring, without qualifications, the restoration of the Millrace.

One other is regarded by Kieth Fennell, president of the Eugene drugstore on campus, both offer partial to the program. The other four offer several reservations to any plan to put water back into the race.

Benefits Too Few

The principal objection offered by these candidates is that the Millrace, if restored, would water is restored. benefit too few and be virtually inaccessible to the public.

Carl Koppe, incumbent from the first ward, is running unopposed and is regarded by Fennell as a friend of the Millrace program.

In the second ward, Eyler Brown, associate professor of architecture, is opposing Warren Shisler, grocery store owner. Brown is the only candidate favoring Millrace restoration without reservations. Shisler is "not tors. in favor of maintaining the Millrace in its present condition."

Restoration, If Reasonable

Shisler says that he is interested in the expansion of Eugene parks and that he would approve Millrace restoration if it were at a "reasonable" cost. Shisler hesitates giving wholehearted endorsement of the Millrace project because he feels most of the benefit of the Race would be received by adjacent residents.

This objection was also offered by Larry Watson, ward 3 incumbent running for re-election without opposition. Watson opposes restoration unless the stream is to be made available to all of the public.

DeLess replaces Norm Peterson, senior in geology, who recently resigned to devote full time to his studies. Peterson has served as Co-op manager for the follows: past year.

According to Charles Hawkes, president of the Co-op board, the appointment of DeLess represents a departure from past policy of hiring student managers. Hawkes said four students who applied for the position were race is available only to nearby not considered by the board as residents. He argued that the properly qualified.

Hawkes also noted that the Co-op has grown, since its beginning two years ago, to a \$50,000 a year business, and pointed out that during the past year the Co-op has paid off its purchase loan and is now operating "in the black."

Hawkes said success of the Co-op is "in no small way" due to Peterson's management dur- erans' payments, due Nov. 20, ing that time.

Freshmen to Elect Four

Freshman and graduate students will elect officers Nov. 10. Freshmen will elect a president, vice-president and two representatives. Graduates will select only a representative. Petitions are available on the third floor of the SU and should be returned to the ASUC petition box.

This will be the first election in which the divided ballot has been used since the present ASUO constitution went into effect. With the divided ballot, candidates indicate if they are running for president or representative. Then the preferential system is used to elect the two representatives the president and the vice-president.
