

SU Board Celebrates Fifth Birthday

By Marcia Mauney
Emerald Reporter

Formed during the fall term of 1949, a year before completion of the Erb Memorial Union building, the Student Union board is observing the fifth anniversary of its founding this week.

According to the rules of the perpetuation plan originating with the first SU board, the governing group of the SU organization is composed of representatives from the professional schools and the college of liberal arts, members-at-large from the junior and senior classes, faculty members and ex-officio members.

Chairmanship of the board is held this year by Bob Pollock, senior in economics. Other officers include Andy Berwick, assistant chairman; Donna Shaffer, directorate chairman; Phyllis Pearson, secretary, and Sonia Edwards, treasurer. Members are Hollis Ransom, Sally Ryan, Bob Summers, Herman Cohen, Donald DuShane, Si Ellingson, and George Hopkins. There are six vacancies on the board.

Working under the Student Union board, the ten standing committees represent the programs centered in the four-year old building. The chairmen of each of the committees comprise the directorate, which carries out the policies and programs as established by the board.

Bringing the University a fuller appreciation of classic and contemporary art through its year-long series of displays, the

art gallery committee is headed by Bob Koutek, graduate student in architecture. The work of both student and professional artists are included in the exhibits, which include painting,

metal work, ceramics, photography and sculpture.

The current display in the mezzanine gallery of the SU is a photographic exhibition prepared by the editors of Life magazine entitled "Age of Exploration." Assembled under the direction of the Metropolitan Museum of Art, the display will be in the gallery until Nov. 20.

Browsing Room Presents Lecture

Presenting regular browsing room lectures by various professors is the purpose of the browsing room committee. Through these programs students and faculty may meet on an informal basis to discuss the lecture topics.

Tonight's lecture by Quirinus Breen, professor of history, is entitled "St. Augustine: One Foot in Platonism," and will begin at 7:30 p.m.

Garry McMurry, chairman of the coffee hour forum, brings guest speakers and visiting public personalities on the campus to the students for informal discussion groups.

John Dos Passos, noted American author, will be presented at a coffee hour forum scheduled for Tuesday at 4 p.m. in the Dad's lounge of the SU.

Committee Plans Mixers

Informal, no-date mixers in the fishbowl are presented each Friday night by the dance committee. Don Peck is chairman of the committee. Special dances in the ballroom are also the work of this committee. Among these are the Hello dance, Lemon-Orange Squeeze and the Duck Preview dance.

Tonight's mixer, decorated in connection with the SU birthday theme, will be held at the regular 9 to 12 time.

Movies Brought to Campus

Sunday feature movies, Wednesday evening educational films and football movies are brought to the campus by the movie committee, chaired this year by JoAnne Rogers.

"Five Fingers," "Viva Zapata," "All the King's Men," and "White Tower" are the Sunday movies scheduled for the remainder of the term.

The weekly Friday at Four entertainment in the fishbowl is the main job of the music committee, with Lucia Knepper as chairman. Today's program featuring the Lancers, well-known singing group, is a special event in connection with birthday week.

Other programs arranged by this committee are the barber-shop quartet contest of Dad's weekend, and concerts throughout the year.

Publicity chairman of the SU is Dick Gray. He and his committee are responsible for informing the campus of SU affairs through the Emerald, KWAX, fliers and posters.

Keeping a permanent record of all SU activities in scrapbook form is another of the duties of this group.

DONNA SHAFFER
SU Directorate Chairman

Interviewing petitioners for the various committees creates the bulk of the work for Jack Socolofsky's personnel committee.

Basing their selections on these interviews and records of the applicants' past work, this committee acts as an "employment bureau" with a complete record of all SU personnel.

Acting as the official hosts for the SU board and assisting at many campus functions are the hospitality girls of the public relations committee.

Lolly Quackenbush is chairman of the group, which also publishes a monthly news sheet, "The Union Crier," for distribution to the dorms and houses.

Both the Peter Howard listening room and the record-lending library of the SU are handled by Shirley Hardy and her recorded music committee. A regular series of listening programs as well as several special lecture-concerts are presented each term by this group.

In other Big Ten contests, Wisconsin's Badgers encounter Northwestern as a solid favorite and Michigan is picked to whip Illinois.

Breen to Lecture In Browsing Room

"St. Augustine: One Foot in Platonism," will be the title of a lecture by Quirinus Breen, professor of history, in the Student Union browsing room tonight at 7:30.

Breen will present the history of Christian thought before St. Augustine, and then illustrate St. Augustine's concern with Platonism. He will explain how St. Augustine was converted from skepticism to Christianity and the development of his mind afterwards. This is referred to as the philosophical aspect of theology.

Breen received the Fulbright research scholarship in 1953 to study Italian humanism.
