# VETS' NEWS

The items in this column are prepared for the Emerald by R. Lawrence Whitson, officer in charge of the local veterans administration office.

Vets enrolled in school under the Korean bill, PL 550, since the start of fall term should receive their first checks Nov. 20, according to Regional Veterans administration office.

Vets should not be alarmed by the larger compensation checks they'll be receiving this month. A five percent raise of the basic rate was passed by Congress Oct. 1 and should appear in November checks.

Veterans are advised to notify the VA of changes in beneficiary on armed forces insurance policies. Veterans are also advised to check as to how long after separation they are covered. The periods vary in length from 30 to 120 days, but should be checked. Also important is whether or not the premium has been waived to allow the veteran to receive the free "Indemnity coverage."

**COLLEGE SMOKERS PREFER Luckies**—and by a wide margin—according to the largest and latest coast-to-coast college survey. Once again, the No. 1 reason: Luckies taste better. They taste better because Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better. The pleasure you'll get from Luckies' better taste is *vividly* depicted in the Doodle above, titled: Modern artist enjoying Lucky while glancing in mirror. See the ecstatic smile? Well, you, too, can be happy. Just go Lucky!
