

Oregon Cadets Receive City of Tacoma Award

The University of Oregon has received the City of Tacoma award, presented annually to the school whose AFROTC cadets attending summer camp at McChord air force base, have displayed outstanding qualities.

It was awarded for the 1954 summer camp, at a review of the cadet wing Tuesday. The award was presented to Charles Greenley, outstanding cadet at McChord, and Rexford Davis, cadet

with the highest academic standing, by Mayor Edwin Johnson of Eugene, acting for Mayor H. M. Tollefson of Tacoma.

Greenley and Davis accepted the trophy on behalf of the 35 cadets that attended summer camp from the University.

Present in the reviewing stand were Col. E. B. Daily, head of the military and air science department at Oregon, Lt. Col. R. D. Evens, professor of military

science, and other members of the Army and Air Force staffs.

Johnson, University President O. Meredith Wilson, Paul Washke, P. B. Jacobson, Ray Hawk, Donald DuShane, Charles Howard, Robert Vagner, Les Anderson and W. C. Jones were also in the reviewing stand.

President Wilson presented memberships in the Scabbard and Blade honorary for advanced cadets, and the Air Command

Squadron honorary for basic cadets.

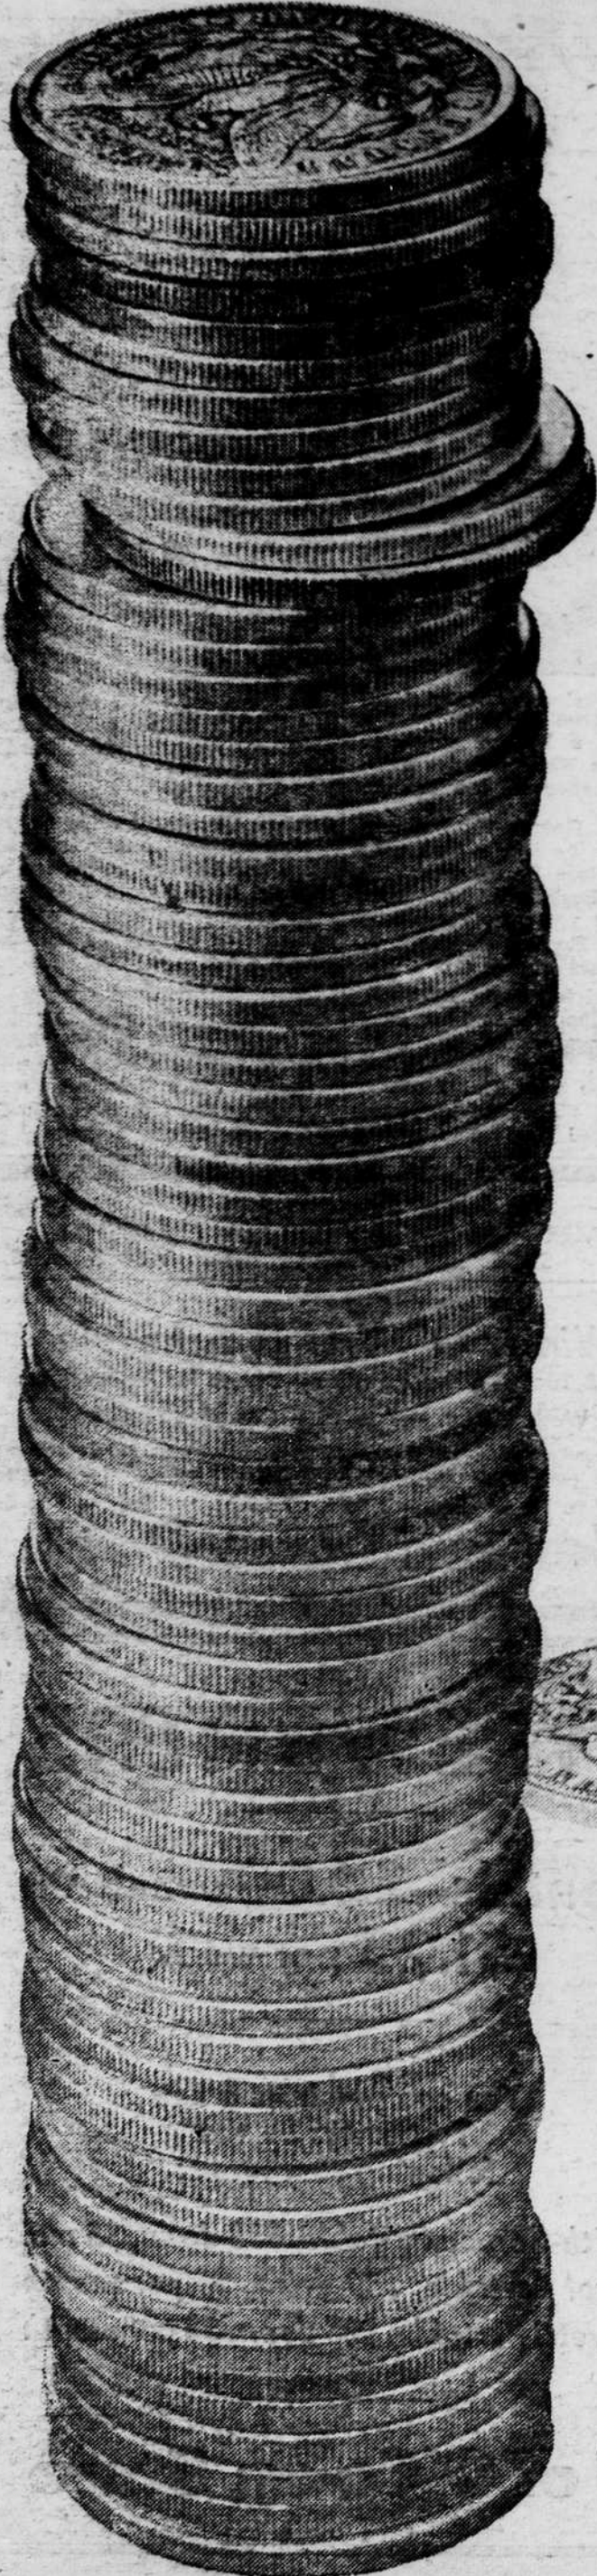

Students receiving the Scabbard and Blade ribbon were Neil Dwyer, Lowry Hoyer, Stan Savage and Don Simon.

Those receiving the Command Squadron ribbon were Don Simon, Leland Agenbroad, Larry Anderson, Robert Burnett, Fritz Fraunfelder, Stewart Johnson, Laurence Takahashi, Gene Lowrance, Rodger O'Harra, Jim

Platz, Don Smith and James Laughton.

WHAT DID IT COST TO CREATE YOUR JOB?

If you're an average U.S. factory worker—\$12,000.

If you're a rough carpenter, it took approximately \$350 worth of tools to set you up in your trade.

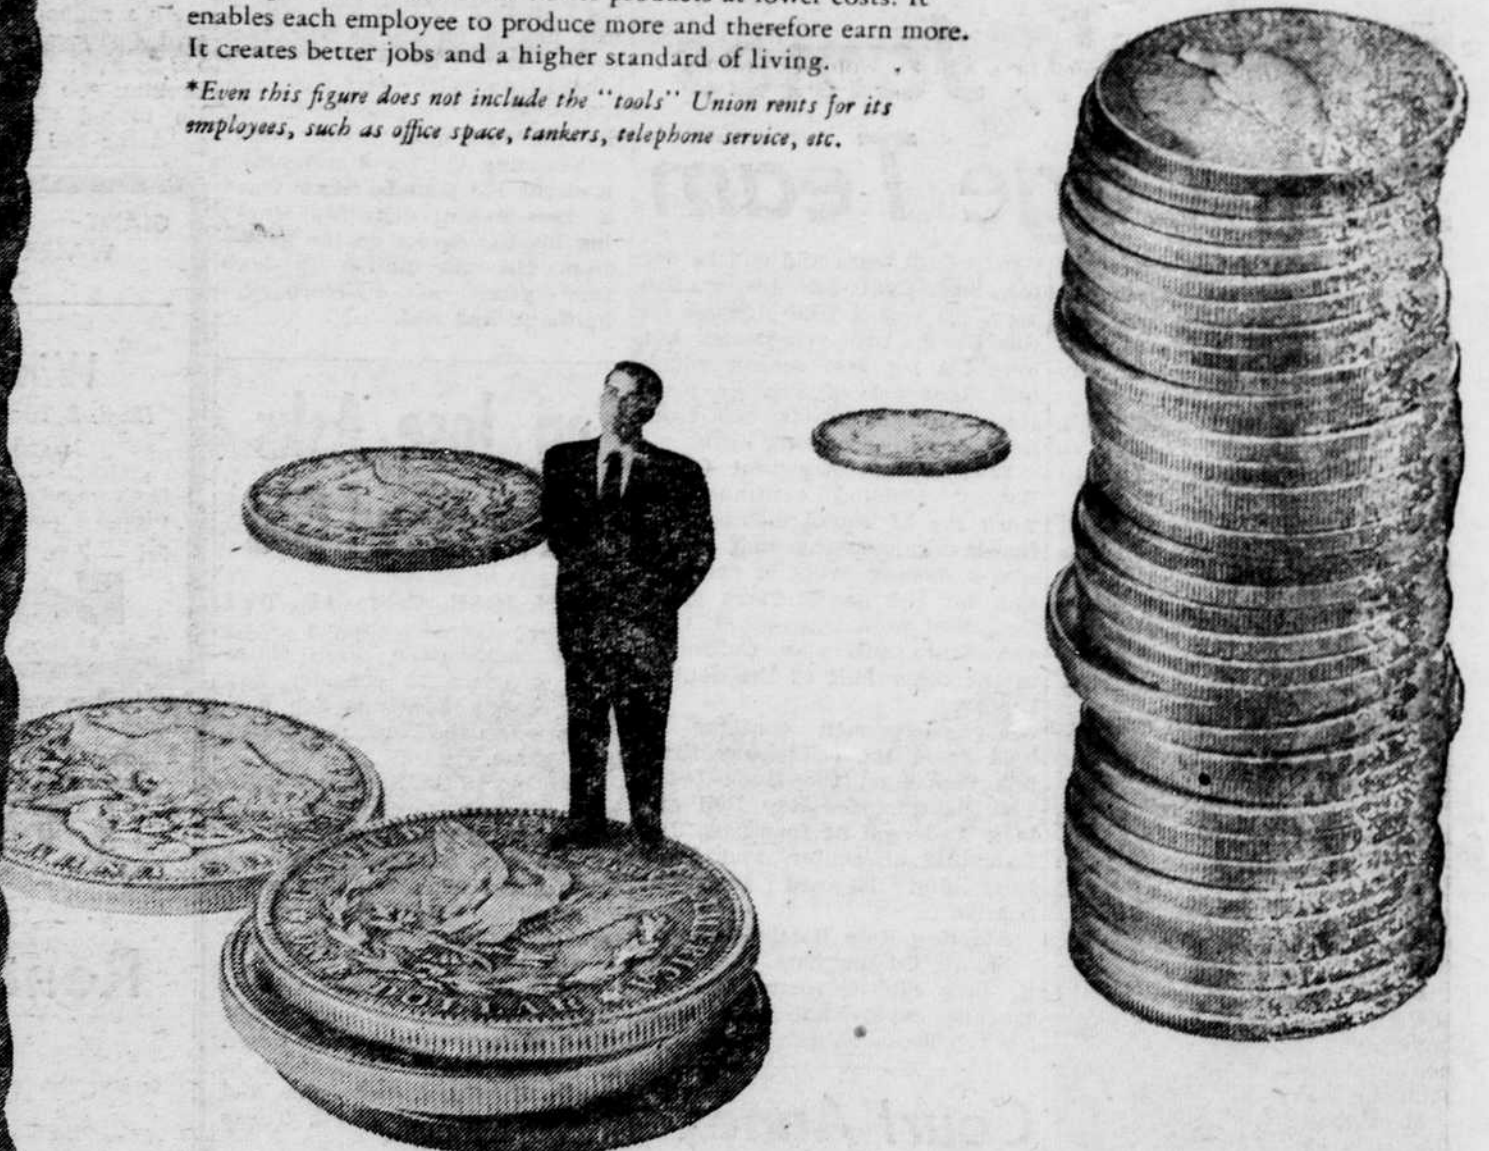

Tools for a garage mechanic cost about \$3,000; for a Washington wheat farmer \$12,500; for a secretary \$300.

But if you work for Union Oil, it took \$77,000 worth of tools in the form of trucks, service stations, refineries, oil wells, etc., to create your job.* Obviously, some of our jobs require considerably less investment than \$77,000 and some considerably more. But this is the average for Union's more than 9,000 employees.

That's big money. But it accomplishes big things.

It brings Union's customers better products at lower costs. It enables each employee to produce more and therefore earn more. It creates better jobs and a higher standard of living.

**Even this figure does not include the "tools" Union rents for its employees, such as office space, tankers, telephone service, etc.*
