## Funds Granted For Canoe Fete

The Canoe Fete committee petition for a \$600 loan was approved Wednesday by the Student Union Educational Activities Budget committee, according to secretary A. L. Ellingson.

A statement of policy was also made by the budget board concerning petitions for allocating of fee money to various organizations. The group, in effect, stated they would hear petitioners only from those boards or committees whose names now appear on the budget committee list. The organizations now on that list are: ASUO Senate, SU board, publications board, forensics, music and assemblies.

Any other group wishing to petition for fee money must have their case reviewed by one of the above boards and be recommended to the budget board by the reviewer.

We do not want to decide for students where fee money is to go," Ellingson stated. "We want to be a budget board, not a governing board for all campus organizations," he added.

In reference to this policy the budget board referred an AWS petition back to the Senate for review and recommendation.

# Canoe Fete Loaned \$1200

A total of \$1200 has been loaned to the Canoe Fete steering committee for this year's remembrance Canoe Fete, Bob Schooling announced at the Wednesday night meeting of the committee chairmen.

The Student Union and Educational Activities Budget committee approved a \$600 loan to the group today after the four class officers voted to underwrite the committee for the same amount earlier in the week.

Discussion by the committee chairmen and faculty advisers Wednesday centered on problems of size and number of floats, and pairings of living organizations.

"The majority of the houses were extremely enthusiastic about participating in the planned Fete," stated Sally Jo Greig, float co-chairman. The committee decided that a definite number of floats cannot be determined until all houses have made their interest known and a tentative program has been drawn up.

The committee chairmen emphasized the need for a long range plan whereby material and plans can be used in future Canoe Fete programs.

Committee chairmen and faculty advisers attending the meeting were: Bob Schooling and Jim Light, Steering committee chairmen; Janet Wick and Jackie Densmore Jackson, program; Sally Jo Greig and Darrel Brittsan, float committee co-chairmen; Andy Berwick, public relations; and Joe Gardner, state wide publicity.

Others were Susan Lamb, campus publicity; Len Calvert, finance; Lewis Blue and Dick Hyder, promotions; and Ann Blackwell, secretary.

Also in attendance were Bud Hinkson, junior class president and Gordon Rice, junior class vice president.

Faculty members were Donald M. DuShane, director of student

affairs, H. W. Robinson, associate professor of speech; R. D. Horn, professor of English; L. E. Anderson, Alumni secretary and Director of public services; and A. L. Ellingson, director of the Student Union.

## South's Tornadoes Kill, Injure Many

TUNICA, Miss. (AP) — Volunteers cared for injured and homeless tornado survivors Wednesday in the quiet and pathetic aftermath of a few minutes of mighty violence.

The revised and official death toll from Tuesday's deadly twisters: 22 dead, 46 hospitalized — 31 in Tunica hospital, the others at Clarksdale, Miss., and Memphis, Tenn.

### Sweeps Mid South

The cluster of tornadoes, striking from a squall line that swept over the midsouth, smashed first into Arkansas, bounced into the Mississippi delta, then had a final fling Tuesday night in Alabama.

Arkansas and Alabama reported considerable property damage, but no one was seriously hurt. In Mississippi, the twisters stuck to rural areas, but hit the jackpot on a busy delta plantation.

### Mostly Tenants

Most of the dead, 19, were recovered from the splintered ruins of a school and plantation tenant houses near Commerce Landing, Miss., about 15 miles north of here.

Three more, a teacher and two pupils, died when a tornado demolished an elementary school near Olive Branch, Miss., about 30 miles northeast of here.

### Schools, Churches Destroyed

Lamar Glidden, chairman of the Red Cross chapter here, said 80 homes, 5 churches, 2 schools, 2 cotton gins and 107 farm buildings were destroyed in Mississippi.

# Eisenhower Says Policy Will Help Prevent War

WASHINGTON (AP) — President Eisenhower said Wednesday his Formosan policy should help prevent war by making "crystal clear" America's determination to defend "this great island barrier" against international Communism.

The American objective, the President told a news conference, "is to make certain that no con-

flikt occurs through mistaken calculations on the other side as to our concern about Formosa and our determination to defend it."

"The purpose," he said, "is honestly and hopefully to prevent war."

### Miscalculations Blamed

He said he believes World War II was sparked by a miscalcula-

tion of what Russia, France and Britain would do. And while he said he was not trying to blame anybody, he feels the "Korean conflict started because of our failing to make clear that we would defend this small nation."

He declined to say whether defense plans for Formosa also extend to Quemoy and Matsu Islands off the Red China coast.

### Chiang's Views Differ

Hinting, perhaps, that this country is not willing to go as far in protecting Quemoy and the Matsus as the Chinese Nationalist Generalissimo Chiang Kai-Shek desires, the chief executive said conversations are going on constantly with the Chinese Nationalists and "not always do our views exactly coincide."
