Library Decided Best Spot for Files

"The library is the best and logical place for the test files" was the decision of the Student Union board concerning the location of the files which are now in the library.

As the library is the center of academic activity and the SU the center of curricular activity the board did not feel that the SU would be an appropriate place for the files.

The building policy of the SU provides that there shall be nothing of a curricular nature

placed in its rooms and offices. The board felt however if the location of the files had to be changed to the SU in order to preserve their existence that the Browning room would be the best place for them.

The board will recommend that the files remain in the library but that a more efficient method for their use could be arranged.

Silver Favorites To Bring Prizes

What's your favorite silver pattern?

The answer to this question may win some Oregon co-ed a \$500 scholarship or maybe a \$250 award.

Reed and Barton, one of America's oldest silversmiths is conducting a "Silver Opinion Competition." Entrants are being asked to name their favorite Reed and Barton silver designs. An entrant also tells in any number of words the reason that particular design suits the way in which she wants to live. Deadline for entries is midnight, March 31.

Dorothy Kopp is the Oregon representative for the contest. She has entry blanks at the office of student affairs. She also has samples of nine of the most popular Reed and Barton designs.

Oregon, OSC Fijis To Attend Dinner

Oregon's chapter of Phi Gamma Delta will team with the Oregon State chapter for an annual dinner known as the "Norris Pig Dinner" March 20 at the Multnomah hotel in Portland.

Members and alumni of both chapters will gather at 1 p.m. to honor the ex-national president of the fraternity, Ralph Cake of Portland, who was a member of the Oregon chapter.
