

French Consul General To Speak on Saturday

France's highest-ranking representative in the western part of the United States, Consul General Louis de Guiringaud, will be on campus this weekend. He will speak Saturday at 11 a.m. in 134 Commonwealth on political questions affecting France and her colonies.

De Guiringaud, a career diplomat now residing at San Francisco, has much direct information on political trends in France. He speaks English fluently and will answer all questions put to him by the audience.

The Consul General's speech is part of an annual visit to leading universities in the Pacific Northwest. The purpose is to maintain contact with institu-

tions with fairly large enrollments in French subjects.

Monsieur Guiringaud, a close friend of Pierre Mendes-France, outlined the facts he believed should be known about the premier's program in a speech delivered in 1954. The speech clarified to a great degree the situation as it was at that time in France.

Pierre Dumont, vice-consul, will accompany Monsieur Guiringaud. They will leave Eugene Saturday evening.

Oregon State's highest single game score in 1954 basketball was an 84-65 win over Portland university.

Air Force Cadets Pay Off Bet Today

Air force ROTC cadets will display their talents for the army today to pay off a bet.

Last winter term air force cadets entered competition with army ROTC students to see which group would sell the most tickets to the Military Ball. Today Cadet Colonel Emerson Harvey will review air force units. The review, scheduled for 2 p.m. at Hayward field, will be attended by the Little Colonel and Little Majors, who were chosen by the cadets last term.

In case of rain, according to Lt. Col. C. J. Purcell, the review will be delayed until next Tuesday.

Music Conference Host-Night Slated

The University Singers, band and orchestra will perform in a host-night program for the Northwest Music Conference Thursday at 8:30 p.m. in Mac court.

Edmund Cykler, professor of music, will conduct the orchestra during the first part of the program, which will include movements from "Concerto Grosso, Opus 6, Number 2," by Handel; "Concerto in G Minor, Opus 26," by Bruch, and "Bist du bei mir," by Bach.

Max Risinger, assistant professor of music, will lead the University Singers in "Gloria in Excelsis Deo," by Bach, "The Winged Souls," by Warrell, and

six selections from "Sea Charm," by Picket.

R. S. Vagner, associate professor of music and band director, will lead the band in the final part of the program in "Pageant," by Persichetti; "La Fiesta Mexicana," by Reed; "Overture for Band, Opus 30," by Fuerstner, and a series of three marches.

Featured student soloists for the program are John Moseley, tenor; Evine Anderson, soprano, and Robert Groth, Sharron McCabe and Gene Wisler, violinists and cellist, respectively.

Violinist George Boughton, associate professor of violin, will be featured faculty soloist.

A prominent banker tells you
Why it's wise to hold U.S. Savings Bonds more than 10 years

By Homer J. Livingston, President of The First National Bank of Chicago and President, American Bankers Association

LIKE MILLIONS OF OTHER AMERICANS, you probably know that our government's Series E Savings Bonds rank among the surest, safest and best investments in the world. But I wonder if you realize that an extremely attractive feature has been added to them.

Today, you no longer need cash your Bonds at maturity (9 years, 8 months after purchase). You can hold them for as long as 19 years, 8 months. And this enables you to get a far greater total yield from them, since the interest paid on Savings Bonds is cumulative. That is to say, your Bonds pay interest not only on the principal, but on the accumulated interest itself! Now, the longer you hold your Bonds the bigger this accumulation gets—and, correspondingly, the more money your Bonds pay in interest every year.

today. You would make \$12.50. But if you keep that Bond for ten more years, you will make a total of \$29.84 on your original investment. In other words, if you hold your U. S. Savings Bonds for double their original period, your total yield is considerably more than just double.

So, if you can possibly arrange it, hold your Bonds for the maximum period—19 years, 8 months. You don't have to sign any papers or visit your bank to do this. The extended earning period is automatic.

And, of course, go on investing in U. S. Series E Savings Bonds—through the Payroll Savings Plan where you work. If self-employed, invest in Savings Bonds regularly where you bank.

Want your interest paid as current income? Invest in 3% Series H.

United States Government Series H Bonds are new current income Bonds in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Mature in 9 years, 8 months and pay an average of 3% per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased through any bank. Annual limit: \$20,000.

Extended Maturity Value...	\$134.68
Original Maturity Value...	100.00
Period After Maturity Date	Redemption Values During Each Year
½ to 1 year.....	\$101.50
1½ to 2 years.....	104.50
2½ to 3 years.....	107.60
3½ to 4 years.....	110.80
4½ to 5 years.....	114.00
5½ to 6 years.....	117.60
6½ to 7 years.....	121.20
7½ to 8 years.....	124.80
8½ to 9 years.....	128.60
9½ to 10 years.....	132.60
Extended maturity value (10 years from original maturity date).....	134.68

This chart shows the 10-year extended earning power of your bonds

If you invested \$37.50 in a Savings Bond ten years ago, it could be redeemed for \$50.00

Now even better!
 Invest more in Savings Bonds!
